Registration, Tech and Contingency

Lucerna Hotels and Resorts Tijuana
22nd SCORE Desert Challenge

Important steps you must do preparing for the SCORE Desert Challenge

1. **FIRST y**ou must go to **Registration** to sign waivers and receive your wristband and racer information packet (envelope) containing a course map and set of race documents including Contingency form.

   Registration Hours: Thursday, Sept. 20 2pm-8pm and Friday, Sept. 21 9am-4pm

2. All persons who will be racing in a vehicle or riding a moto or quad ***must sign*** waivers and receive a SCORE wristband. There will be a wristband check before the start line on race days. No band means No Go! You will not be allowed to start without your required wristbands…
3. Be certain your Vehicle Inspection Tag is current for this event. If your vehicle needs a chassis inspection or re-inspection prior to this race, Contact Tech at **619.572.8245** immediately!
4. You **MUST complete Registration** before putting your vehicle in the Tech line! The Racer Brief (avail. week of Sept. 10) will have further information on tech location.
5. Pre-check and prep your vehicle before entering the Tech line.
   - Be certain vehicle meets all specifications for class entered.
   - Brakes, lights and safety equipment must be in 100% working order. No fluid leaks.
   - Transponder number must match number you entered on your entry form.
   - Vehicle numbers must be on all four sides and roof of vehicle. Numbers must conform to specifications outlined in SCORE Competition Regulations **Section CR 50.**
   - Driver and each co-driver must have driving suit, helmet and HNR device available for inspection at tech location. Helmets and HNR devices must have 2018 SCORE Desert Challenge inspection stickers from Tech in order to start the race!
   - All riders and co-riders must have helmets inspected during tech, and receive 2018 SCORE Desert Challenge helmet sticker before being allowed to race.
   - Apply your sponsor stickers before entering line. Required SCORE stickers are in race packet and must be applied and visible on each side of vehicle for possible payouts.
6. Complete the top section of the *Contingency Declaration Form* (included in racer packet) if you wish to sign-up for possible contingency awards. Then check boxes to left of manufacturers names in each column for product you are actually using on your vehicle. You may be asked to point out the products you checked. You must include your vehicle number at top of this form!
7. While moving thru the Contingency line, you must stop at the Timing transponder check station for transponder verification. A sticker will be applied to vehicle indicating your transponder is functioning.
8. **IMPORTANT** - The **Contingency and Tech area** is restricted access. Only two (2) members from each team are allowed to accompany the vehicle into this restricted area! Have product stickers on your vehicle before entering this area!
9. In **Contingency area**, give your completed *Contingency Declaration Form* (in Racer packet) to SCORE contingency personnel for verification. After form review, you will receive a sticker and copy of this Contingency form. If you need certain sponsor stickers, they may be available if stocked at this location.
10. Immediately after Contingency is **Tech Inspection**. Complete top of *Vehicle Inspection Form* and follow instructions from the SCORE inspector as he checks your vehicle for rules compliance. After passing Tech, you will receive a Tech vehicle sticker and copy of the Tech Inspection form.
11. That's it for the Tech line… When your vehicle passes Tech, you're good to GO!

IMPORTANT - A member from your team must attend the MANDATORY Driver Meeting at 7:00pm Friday, Sept. 21. Any last-minute race information will be covered in this extremely important meeting. Refer to Event Schedule for meeting location.
