Registration for the 32nd SCORE San Felipe 250 is now open. We at SCORE International would like to share important guidelines and policies in preparation for a successful and easy team registration:

We will start with some terminology SCORE uses in their operations and registration:

Driver or Rider of Record definition: Although there may be multiple drivers in a vehicle or riders on the moto or quad only one is designated as the Driver or Rider of Record. This designation is not transferrable between drivers or riders on a team. The Driver or Rider of Record is awarded points, and the SCORE vehicle/moto/quad number assignment, the Race Entry is completed in the Driver or Rider of Record's name.

Co-Drivers and Co-riders definition: Any driver or rider racing in a vehicle or on a Moto, or Quad that is not titled the Driver of Record nor the Rider of Record.

Participant definition: The participant refers to the racer you are registering. If you are filling out the Co-Driver/Co-Rider Race Registration application the participant is NOT the Driver or Rider of Record, it is the Co-driver/Co-rider you are registering. So, if you see another name on the list of team members associated with the account you are using, do not select it if it does not pertain to the participant you are registering. If you are filling out the Driver or Rider or Record Race Entry application the Participant is the Driver or Rider of Record and no one else on the team. Putting the wrong name will void the registration application.

Account Holder definition: A log-in is created to protect your information. The SCORE Membership purchases are associated with the Log-in information used when purchasing the Membership. Create a USER NAME (sample: SteveHuges or SHuges@gmail.com) and PASSWORD (sample: secret14speed). Write it down. It works like just log-ins for many websites such as online banking, social media accounts, or online shopping. The log-in is necessary for the system to recognize you and your purchases. Only the account holder can make changes to the Registrations.

First Step: Be a current Member of SCORE International. All drivers/riders of record and co-drivers/co-riders are required to have purchased a 2018 SCORE Membership to enter a race. Since the system recognizes your Membership purchase through your log-in information, so you will need to use the same log-in information (User Name & Password) as you did for the Membership to register for a race. If you do not use the same log-in the system will delete the race registration. Memberships are valid for one calendar year (Jan 1st-Dec 31st, 2018). Bring your 2018 SCORE Membership card to the races whenever possible, along with your state issued picture ID, and driving/riding permit.

Step 2: Acquire a SCORE approved vehicle/moto/quad number. Have your SCORE assigned race number prior to registering for a race. A SCORE vehicle/moto/quad number is assigned to one Driver of Record or one Rider of Record and valid for one year from the last SCORE race you participated in (i.e. Baja 500 2017 to Baja 500 2018). Beyond one year without racing with SCORE International, you will have to call 702-407-3059 for a new race number or about number assignments.

For more detailed information read the Rulebook and Sample Racer Brief which are available online under Race Info. This will help you understand all the requirements to race with SCORE International. Race related questions call 702-407-3059. If you have any specific technical questions please call 619-572-8245.

Step 3: The Driver or Rider of Record Race Entry Registration Application process: Detailed information you will need.

Your Class & Vehicle/Moto/Quad Information. Select the race entry according to your Class. You should already have a SCORE assigned race number. For media reporting and promotion of your team

be prepared to list details of the vehicle/moto/quad such as make, model, HP/CC, engine block manufacturer, transmission builder, etc.

Listing your Sponsors. List your sponsors according to importance. Type or copy horizontal lists as vertical lists will only show the first line, our system is not equipped to correct misspellings or vertical lists. Use capitals and lower case for names, titles as they way you enter your sponsors will be shown on the Entry List that goes up on the SCORE International website. If BFG is your sponsor, please type it as BFGoodrich Tires. Fox Shox, Monster Energy and others prefer full names instead of abbreviations, or acronyms. Remember, your sponsors are looking at the list too.

Listing Co-driver and Co-riders names for Media: You are requested to enter all your Co-drivers/Co-riders names, ages, hometowns for media promotion and it is required for finishing medal ordering. This list must be accurate because it lets us know whom is expected to race on your team. It must be updated when the co-drivers/co-riders change as the names registering as co-drivers/co-riders for the race must match those listed by the Driver or Rider of Record. IMPORTANT: This list is not a means of registering your co-drivers/co-riders. All co-drivers and co-riders must complete a separate online registration application specific to them to be registered for the race; *see Step 5 for further details on Co-driver/Co-rider Race Registration*.

Have your Sport Tag transponder number available. Transponders are REQUIRED equipment used for timing. Enter the transponder number if you already have one installed on your vehicle/moto/quad. If you already have a transponder, *your team must to bring verification of the transponder number to the race registration/check-in (the easiest method of verification is with your camera phone) or your team will not be entered into the race and may have to buy another one.* If you do not have one, answer "no" and the system will automatically charge you for one. The cost is $100. Transponder online purchases are to be picked up at race registration & check-in. It is yours to keep, not a rental, so do not return it with the rented tracking device, or other rented equipment. It is not retrievable once lost and you will have to purchase a new one for the next race. You will zip ties to attach the transponder to your vehicle/moto/quad.

Once you have entered all your data save to cart. You must hit the COMPLETE ORDER button to process your order. Without completing your order the entry will remain in your cart and will not be entered into the race.

Any changes, correction to your co-driver/co-riders list, entry information, or sponsor list, email the registration office at registration@score-international.com to make those changes for you and notify the media of the change. You are welcome make those changes yourself with your log-in information up to 14 days prior the online registration end date. If wish to have those changes reflected on the Entry List on our website it must be done before 8pm Tuesdays as the Entry List is developed by hand the very next morning and submitted to go up on the website Thursday evening. No changes to your entry will be accepted after the Online Registration deadline.

Special circumstance - Using an Alternate Driver/Rider of Record: All requests to use an alternate Driver/Rider of Record must be submitted and approved by Christine Wait 702-407-3059 christine@score-international.com. If approved, this Race Entry MUST be completed with the Alternate Driver/Rider of Record's name and information. See Rulebook for more details on using an Alternate Driver/Rider of Record.

time and date of your entry. Just in front of the paid Rear Start Requests, and behind those that qualified to be in the Draw.

On-site race registration payments or purchases: Method of payment at the on-site Registration/Check-in is cash only. Checks or credit/debit cards will not be accepted at the race's onsite registration as they cannot be processed for payment in Mexico. Again, please note the following dates in which your entry will need to be paid in full:

Pre-running: payment due date is March 16, 2018 Midnight PST. Any team that chooses to pre-run on any part of the course without payment for their race entry completed online, will be pre-running at their own risk, and uninsured. SCORE General Liability and Accident Medical Insurance goes into effect March 17, 2018 for all fully registered teams with fees paid.

Draw Deadline: March 27, 2018 8PM PST. This time and date will be firmly upheld and no entry or payment after that date & time will be entered in the draw.

Step 5: Co-Drivers/Co-Riders Race Registration. Registering all Co-drivers/Co-riders is mandatory for them to race, and for them to be covered under the SCORE General Liability and Accident Medical Insurance. To avoid tedious paperwork and longer wait times at the on-site registration/check-in, there is a Co-drivers/Co-riders Race Registration Application online which enables SCORE staff to have your folders and bands prepared. www.score-international.com > Race Info > Registration > Select **"Required Co**-driver/Co-rider Race Registration **–** 32nd SCORE Sa**n Felipe 250"** to register Co-drivers/Co-riders for the race. If you need help contact the Registration Office at 775-852-8907.

Step 6: Onsite Team Check-in: All participants must check-in on time, at the on-site registration, to be permitted to race. If any participant feels they cannot personally show at registration check-in, they must 1) notify the Registration Director 775-852-8907 / registration@score-international.com and 2) submit a notarized Waiver, printed off the website, mailed to the Registration Office by March 9, 2018 5PM with race number and mailing address written on the top of first page. Mailing address is 465 S. Meadows Parkway Suite #6, Reno, NV 89521, scan and email to registration@score-international.com or fax to 775-853-1010. Bands will NOT be given to anyone except team members that are fully registered, have signed the waiver, and the entry is paid in full. If a Driver/Rider of Record or Co-driver/Co-rider on a team is not banded, the entire team could face penalties.

Note the following guidelines:
