SCORE Announces Revised Schedule for 2020

SCORE International officials have been closely monitoring the current Corona Virus (COVID-19) health issues in both the United States (U.S.) and Mexico. After further analysis with Mexican Federal, State and Municipal authorities, race teams, sponsors as well as promoters from other racing organizations, SCORE International is revising its “SCORE World Desert Championship” for 2020 to a three (3) race series.

Because of the economic impact and in support of our racers, the 2nd SCORE Baja 400 will not take place with the 34th SCORE San Felipe 250 running in September and the 53rd SCORE Baja 1000 moving from a point-to-point race to a single loop race. The revised schedule is as follows:

52nd Baja 500 – June 17-21

The race will be based in Ensenada, B.C. Mexico. The event will include qualifying for Trophy Truck, Trophy Truck Legends, Class 1 and Trophy Truck Spec classes.

34th San Felipe 250 – September 16-20

The event will include qualifying for Trophy Truck, Trophy Truck Legends, Class 1 and Trophy Truck Spec classes. Finishing positions in the San Felipe 250 will determine start positions for the Baja 1000.

53rd Baja 1000 – November 17-22

This will be a single loop race based in Ensenada, B.C. Mexico and will close the 2020 SCORE class championship.

SCORE will continue to monitor the current COVID-19 status, recommendations of both the U.S. and Mexico governments, and will make adjustments as required.

At SCORE International your safety and health is our priority. Please follow the guidelines established by your health officials and STAY AT HOME TODAY, SO YOU CAN GO TO THE RACES TOMORROW.

Thank You for Choosing to Race with SCORE International
