There Will Be No SCORE Race in July

After further review with Government Authorities regarding the conditions in Ensenada under the new CoronaVirus (COVID-19) Stoplight Monitoring System activated in Mexico as of June 1st, SCORE International is announcing that the 52nd SCORE Baja 500 will not take place as scheduled from July 14th through July 19th.

SCORE International's focus on the health and safety of our Racers, Sponsors, Media, Fans, Staff and the citizens of Baja California, remains our highest priority.

We are grateful for the patience and understanding of everyone involved due to the challenging and constantly changing situation of the CoronaVirus (COVID-19).

SCORE International will provide more information regarding the remainder of the 2020 race schedule as soon as possible, as we will continue to work with Municipal, State and Federal authorities in monitoring the health and safety conditions.
