50th BFGoodrich Tires SCORE Baja 1000 Registration Details

Registration for the 50th BFGoodrich Tires SCORE Baja 1000 is **now open**, we at SCORE International would like to share important guidelines and policies in preparation for a successful and easy team registration (revised 09.26.17):

1. **Be a current Member of SCORE International.** All drivers/riders of record and co-drivers/co-riders are required to have purchased a 2017 SCORE Membership in order to enter a race. Please be aware that if you do not have a 2017 SCORE Membership the data you enter will be erased at checkout because the system verifies valid membership purchases. The system recognizes your Membership purchase through your log-in information, no longer by a member ID number, so you will need to use the same log-in information (User Name & Password), in order to register for a race. Memberships are valid for one calendar year (Jan1st-Dec 31st, 2017). Bring your 2017 SCORE Membership card to the races whenever possible, along with your state issued picture ID, and driving/riding permit.
2. **Acquire a SCORE approved vehicle/moto/quad number**. Have your SCORE assigned race number prior to registering for a race. Your SCORE vehicle/moto/quad number is assigned to one Driver of Record or one Rider of Record and valid for one year from the last SCORE race you participated in (i.e. Baja 500 2016 to Baja 500 2017). Beyond one year without racing with SCORE International, you will have to call 702-407-3059 for a new race number or about number assignments.

For more detailed information read the Rulebook and Sample Racer Brief are available online under Race Info. This will help you understand all the requirements to race with SCORE International. If you have any specific questions please call 702-407-3059.

3. **Your Class & Vehicle/Moto/Quad Information.** Select the race entry according to your Class. If you need assistance in determining your Class call 702-407-3059. For media reporting and promotion of your team be prepared to list details of the vehicle/moto/quad such as make, model, HP/CC, engine block manufacturer, transmission builder, etc. You are requested to enter all your Co-drivers/Co-riders names, ages, hometowns for media promotion and finishing medal ordering. This is **not** a means of registering your co-drivers/co-riders; see Number 7 for further details on Co-driver/Co-rider Race Registration. Once you have entered all your data save to cart. You must hit the **PROCESS ORDER** button to complete your order. Any changes, correction to your co-driver/co-riders list, entry information, or sponsor list, contact the registration office **before November 8, 2017 5 PM** to make those changes for you and notify the media of the change.

4. **Have your Sport Tag transponder number available**. Transponders are REQUIRED equipment used for timing. Enter the transponder number if you already have one installed on your vehicle/moto/quad. If you already have a transponder, your team must to bring proof of the transponder number to the race registration/check-in (the easiest method of proof is with your camera phone). If you do not have one, answer "no" and the system will automatically charge you for one. The cost is $95. Transponder online purchases are to be picked up at race registration & check-in. It is yours to keep, not a rental, so do not return it with the rented tracking device, or other rented equipment. It is not retrievable once lost and you will have to purchase a new one for the next race.

5. **Paying for the event.** For the Baja 1000, a minimum $500.00 deposit towards your entry is required to be entered into the draw. Method of payment accepted are credit/debit, wire transfer, or a U.S. bank check for online registration. If NOT pre-running, the last date to make credit and debit card payments online is November 8, 2017 5 PM PST, If pre-running, payment due date is October 18, 2017 5 PM (see details below). To order the "Assembly Kit" visit this website: http://www.anubesportamerica.com/shopping-on-line/ The Stella III Unit is a rented tracking & safety device that you will receive at the race as part of your race entry fee.
