SCORE World Desert Championship
2018 Points Policy

The **2018 SCORE World Desert Championship Series** for all classes including motorcycles and quads will consist of four races:

- **SCORE San Felipe 250 - Apr. 5-8**
- **SCORE Baja 500 Ensenada - May 31-June 3**
- **SCORE Tijuana Desert Challenge - Sept. 19-23**
- **SCORE Baja 1000 Ensenada - Nov. 14-18**

2018 Championship Requirements

1. The Driver/Rider of Record, and all team Co-Drivers/Co-Riders, must sign all required release forms and obtain a SCORE issued wristband. Failure to do so will result in the entry being disqualified and assigned zero points for the event.

2. In the event that a Driver/Rider of Record is unable to compete in an upcoming event, another SCORE member may act as a substitute Driver/Rider of Record. Only the driver/rider of record as listed on the official event entry form will be awarded championship points. This Driver/Rider substitution can only be done one time in the 2018 season, and must be approved by SCORE Race Operations. The substitute Driver/Rider of record ruling will not be available for the season ending points championship race (Baja 1000); the Driver/Rider of record MUST race this event.

3. The Driver/Rider of Record must operate the vehicle and wear SCORE wristband for verification at either the start or finish of each event in order to receive SCORE World Desert Championship points. In a two-day combined event, DOR/ROR must start at least one of the two days. Failure to do so will result in the entry being disqualified and assigned zero points for the event.

4. A competitor who is disqualified at a SCORE event will receive zero (0) points for that event.

5. Only the official class results will be used in calculating Championship points for each event.

6. A competitor who is designated in the official results as a finisher will receive the combined total of Starting Points, Placement Points and Finish Points.

7. A competitor who is designated in the official results as a non-finisher (DNF) will receive Starting Points only. *Exception:* Non-finishers (DNF) at Tijuana Desert Challenge will receive placement points.

8. Placement Points are distributed using the SCORE Placement Points Chart.

9. Event point inquiries must be made within 15 days after points for each event are posted on official SCORE website. *Exception: 48 hours after Baja 1000*

10. Points earned from all four (4) 2018 SCORE World Championship events will used to calculate individual Class Champions for the year.

11. To earn a 2018 SCORE Class Championship, all racers must run a minimum of three (3) SCORE 2018 events. The ***Baja 1000 is mandatory*** as one of these 2018 SCORE races.

12. In the event of a points tie for any class title, the competitor with the most first place finishes in the 2018 races will be declared the Class Champion. In the event that there is still a tie, the competitor with the most second place finishes in the 2018 races will be declared the winner, and so on. In the event that a tie cannot be resolved, the competitor with the best finishing position at the 2018 Baja 1000 will be declared the Class Champion.

13. The 2018 Class Champion earns the distinction of running the lowest number in respective class number range for 2018. If Class Champion is not participating in 2018, this number may be transferred to another driver or rider on that team who participated as Co-driver or Co-rider in all events in 2018. This driver or rider must be the designated driver or rider of record for 2018.
