Official Race Registration Guidelines

51st Baja 1000

Please read thoroughly as this information changes per race.

Online Registration for the 51st Baja 1000 is open through November 7th, 2018 8PM PT. Walk-in Registration is also open in the SCORE Ensenada Office through November 7th, 2018 5PM. After this registration deadline, all registration needs will need to be taken care of on race week *(see Schedule of Events on our website).* Before you register, we at SCORE International would like to share important guidelines and policies in preparation for a successful and easy team registration (rev 09.29.18):

We will start with some terminology SCORE uses in their operations and registration:

Driver or Rider of Record definition: Although there may be multiple drivers in a vehicle or riders on the moto or quad only one is designated as the Driver or Rider of Record. This designation is not transferrable between drivers or riders on a team. The Driver or Rider of Record is awarded points, and the SCORE vehicle/moto/quad number assignment, the Race Entry is completed in the Driver or Rider of Record's name, unless an Alternate has been approved, then the entry MUST be in the Alternate Driver or Rider of Record's name. Driver or Rider of Record must be the same individual for Championship record keeping, and so forth. Participants above the age of 16 years with a valid, non-restrictive Driver's License can qualify to be the Driver or Rider of Record.

Co-Drivers and Co-riders definition: Any driver, passenger, or navigator racing in a vehicle or rider on a Moto, or Quad that is not titled the Driver of Record nor the Rider of Record. To co-drive a four-wheel vehicle or co-ride a moto/quad, you must be 16 years or older with a valid, non-restrictive, driver's license.

Navigator definition: Any participant that does not have a valid, non-restrictive, driver's license can only be in the vehicle as a Navigator and are prohibited to drive the vehicle. Also refers to any participant under the age of 16 years, contact SCORE Office for more navigator information.

Account Holder definition: The person who creates the online Log-in, to register for the races or to buy a SCORE Membership, is the Account Holder. Account holder creates a USER NAME (sample: JohnDoe or JohnDoe@gmail.com) and PASSWORD (sample: secret14speed) to access race registrations and SCORE Memberships on the SCORE website. This log-in is created to protect your information. It works just like log-ins for many websites such as online banking, social media accounts, or online shopping. Only the account holder can make changes to the Registrations. On our system the account holder that buys your membership is the only one who can complete your registration. See First Step below regarding SCORE Memberships and Race Registration impact.

Participant definition: The participant refers to the racer you are registering. Select the participant's name that matches the participant you are registering, as this tells our system this is the person being registered. New participants and those that **do not** appear on the account holder's list of participants, need to be added to the account in order to register them. **Selecting the wrong name will void the participant's registration.** Any questions about participants please contact Registration Department at registration@score-international.com/775-852-8907.

Step 1: Be a current Member of SCORE International. All drivers/riders of record and co-drivers/co-riders/navigators are required to have purchased a 2018 SCORE Membership to enter a race and be permitted to race with SCORE. Since the system recognizes your Membership purchase through your log-in information, you will need to use the same log-in information (User Name & Password) as you did for the SCORE Membership to register for a race. If you do not use the same log-in the system will delete the race

registration at check out. Memberships are valid for one calendar year (Jan 1st-Dec 31st, 2018). Bring your 2018 SCORE Membership card to the races whenever possible, along with your government issued picture ID, and driving/riding license. **IMPORTANT: This Membership is not a means of registering your co-drivers/co-riders/navigators for a race. All co-drivers and co-riders must also complete the "Co-driver/Co-rider 51st Baja 1000 Race Registration" application in order to register for the race; *see Step 5 for further details on Co-driver/Co-rider Race Registration*.**

Step 2: Acquire a SCORE approved vehicle/moto/quad number. Have your SCORE assigned race number prior to registering for a race. Contact 702-407-3059 if you need a race number assigned to you. A SCORE vehicle/moto/quad number is assigned to one Driver of Record or one Rider of Record and valid for **one year** from the last SCORE race you participated in (i.e. Baja 500 2017 to Baja 500 2018). Beyond one year without racing with SCORE International, you will have to call 702-407-3059 for a new race number.

For more detailed information read the Rulebook and Sample Racer Brief which are available online under Race Info. This will help you understand all the requirements to race with SCORE International. Race related questions call 702-407-3059. If you have any specific technical questions please call 619-572-8245.

Step 3: The Driver or Rider of Record Race Entry Registration application detailed information you will need:

Your Class & Vehicle/Moto/Quad Information. Select the race entry according to your Class. You should already have a SCORE assigned race number, *(see step 2 above for acquiring one before completing the entry).* For media reporting and promotion of your team be prepared to list details of the vehicle/moto/quad such as make, model, HP/CC, engine block manufacturer, transmission builder, etc.

- **Listing your Sponsors.** Type in your lists horizontally (like a paragraph) as our system only supports typed lists. Use capitals and lower case for names/titles, as well as spaces and commas in between. The way you enter your sponsors will be the way it shows on the Entry List that goes up on the SCORE International website. If BFG is your sponsor, please type it as BFGoodrich Tires. Fox Shox, Monster Energy and others prefer full names instead of abbreviations, or acronyms. Remember, your sponsors are looking at the list too.
- **Listing Co-driver and Co-riders names for Media:** You are requested to enter all your Co-drivers/Co-riders/ Navigator names, ages, hometowns to be included on the entry list, media promotion, and it is required for finishing medal ordering. This list must be accurate because it lets us know whom is expected to race on your team. It must be updated when the co-drivers/co-riders/navigators change as the names registering as co-drivers/co-riders/navigators for the race must match those listed by the Driver or Rider of Record. **IMPORTANT: This list is not a means of registering your co-drivers/co-riders/navigators for the race. All co-drivers and co-riders must complete the "Co-driver/Co-rider 51st Baja 1000 Race Registration" application and be a current SCORE Member to register for the race; *see Step 5 for further details on Co-driver/Co-rider Race Registration*.** Navigators under age of 18 without a driver's license, parent or guardian must contact SCORE Office to register.

Attention Trophy Truck & Trophy Truck Legend Classes: You will have a set of required questions regarding SEMA participation. These questions require you to provide SCORE with the names of whom will be driving and co-riding in vehicle during qualifying, AND the names of whom will be driving and co-riding (passenger) from SEMA to the track. There are 40 maximum slots available for qualifying and a maximum of 20 slots available for displaying at SEMA. If the qualify team is displaying at SEMA, a unique email address is require for each participant in the vehicle at the time of qualifying and at the procession from SEMA to the track in order to SEMA badges. These emails must be unique to the participant as SEMA will not issue a badge to those who provide duplicated email addresses. See SEMA Qualifying Registration Check-In Procedures document for more details http://score-international.com/raceinfo/qualifying-registration-procedure-information/.

- **Have your Sport Tag transponder number available.** Transponders are REQUIRED equipment used for timing. Enter the transponder number if you already have one installed on your vehicle/moto/quad. If you already have a transponder, ***your team must bring verification of the transponder number to the race registration/check-in (the easiest method of verification is with your camera phone) or your team will not be entered into the race.*** If you do not have one, answer "Yes, I need a transponder" and the system will automatically charge you for one. The cost is $100. Transponder online purchases are to be picked up at race registration check-in. It is yours to keep, not a rental, so do not return it with the rented tracking device, or other rented equipment. It is

not retrievable once lost and you will have to purchase a new one for the next race. You will need zip ties to attach the transponder to your vehicle/moto/quad.

Once you have entered all your data save to cart. You must hit the **COMPLETE ORDER** button to process your order. Without completing your order the entry will remain in your cart and will not be entered into the race.

Any changes, correction to your co-driver/co-riders list, entry information, or sponsor list, email the registration office at registration@score-international.com to make those changes for you and notify the media of the change. If you wish to have these changes reflected on that week's updated Entry List, it must be submitted before 8 am Wednesday. No changes to your entry will be accepted after the Online Registration deadline.

Step 4: Paying for the event. For the 51st Baja 1000 online registration a $300.00 deposit is required and is applied towards your entry fee *(See Refund Policy below for more details*). The remainder of the balance is due on or before **Wednesday, November 7, 2018 8PM PT for teams NOT participating in SEMA qualifying. For these teams, failure to pay by the November 7th deadline will be required to pay the registration late fees of $200, will forfeit their earned start position at Tijuana Desert Challenge, and will not be entered into the draw for start positions.** *See Schedule of Events for details.*

Those teams who are participating in SEMA Qualifying (Trophy Truck & Trophy Truck Legend Classes only) will be required to pay entry fees in full by **Friday, October 19, 2018 8PM PT** or be removed from the SEMA participation list. **All teams NOT participating in SEMA qualifying will have until November 7, 2018 8PM to pay their balance of their entry in full.** *See Schedule of Events for details.*

If a team member does not make it to registration to be banded, and did not submit paperwork and notarized waiver ahead of time, they will not be able to race.
