Start-Finish Controlled Access Area Information

The SCORE Staff and Volunteers appreciate your support when choosing to race in a SCORE event. As announced in March, SCORE is continuing the policy of requiring all individuals with access to the start finish areas sign a waiver and obtain a SCORE wristband. Safety for all Race Participants, Media Personnel, VIP's, guests, Staff and Volunteers is our foremost concern.

Race Start - No one except persons in or on an entered race vehicle will be allowed beyond the gate opening at the end of the staging area. If a vehicle encounters a problem in this area, SCORE staff may allow a banded Team Support Person to enter the area to assist. If you have not obtained Team Support bands at Registration there may be delays. You will be given your original start time so every second counts.

For this Event - Each registered team is authorized to request up to **ten (10**) wristbands for Team Support Persons made up of team managers, team pit/chase members, team sponsors, family or, friends for access to the Post Race Area just after the Ramp area. (Refer to diagram provided.) To access this area, Team Support Persons must sign a SCORE Controlled Access waiver form and be issued a wristband. Team Support Persons do not have access to the finish area, or Ramp Area.

To obtain the necessary waiver forms for Team Support Persons go to the Score Website, select Race Info, select the Baja 400 logo, and scroll down and select the Waivers menu item. Select the Waiver titled ***Controlled Access Area*** and print it***.*** For anyone under the age of 18 you will also need to print and complete the ***Minors*** waiver form. (Forms are also available in the Ensenada office.) Have each person read and sign the waiver form and complete the minor form for each person under 18. **It is highly recommended that you bring the completed forms to on-site Registration to obtain your Team Support Persons wristbands.** It is required that each signature be original. You cannot have one person write down and sign for everyone. When you bring the form to Registration, if a signature looks non-original, you will not receive a band for that person. Parents can sign for anyone under the age of 7. Minors must be supervised by an adult at all times.

Race Finish – All Race Participants, (driver/rider/co-drivers/co-riders/navigators) will have full access to the Finish area, the Interview Ramp and the Post Race Area by signing your Race Participant waiver form. You will need to have your race day wristbands on to enter these areas.

As your race vehicle enters the finish area, individuals banded as Team Support Persons should gather at the gate to the entrance of the Post Race Area. When your team finishes their interviews, individuals with wristbands for that team will be permitted to enter the Post Race Area to greet their team when they leave the Ramp. Team Support Persons cannot enter the restricted Finish, or Ramp areas. Each person over 12 years of age will need to show their wristband and picture ID at the gate. Each person under 12 will only be required to show their wristband. Failure to comply with these requirements or failure to follow the direction of a SCORE official can result in a penalty for the team you are associated with. Keep in mind other teams also want to meet Team Support Persons in the Post Race Area be courteous and move out of the area timely. Do not park a vehicle and leave the Post Race Area.

Bands Available at Post Race Area - SCORE recommends you bring signed waivers when the team comes to on-site Registration to obtain wristbands for your quests. Doing so will make race day easier for your quests. However, we have made special arrangements to allow Team Support Persons to sign waivers at the entrance to the Post Race Area. All Team Support Persons must have a picture ID if over the age of 12. Plan ahead as signing of the waivers at the gate may take some time. Registration staff will be at the entrance of the Post Race Area starting at 1:00 pm on Saturday.
