# Access to Post-Race Finish Area

**Each team may request up to ten (10) controlled access area wristbands for entry into the post-race finish area located just after the finish ramp. These wristbands enable team managers, sponsors, family & friends along with pit and chase crews, to join in post-race celebrations for finishers.**

**To obtain wristbands for your team, you must submit a signed waiver form titled *Controlled Access Area (ex. Start/Finish).* Simply print this waiver form from the SCORE website, select Race Info, the Baja 1000 logo, Waivers, and have up to 10 persons sign this form, and bring these Controlled Access waiver forms to Registration. Printed Waiver forms are also available for pickup in the SCORE Ensenada office.**

**Simply have each Team Support person sign a waiver form, and bring the completed Controlled Access waiver forms to Registration. You may bring in multiple forms as long as the total signatures do not exceed ten (10). You will be given bands in Registration to give to your Team Support persons. IMPORTANT – One Team Support wristband will be a different color and allows a single individual into the finish area after the Timing loop and before the ramp to deliver beverages to their Drivers or Riders when they finish. This person will not be allowed on the interview ramp.**

**For anyone under the age of 18 you will also need to print the *Minor Waiver* form and bring form to Registration. (Forms are also available in our Ensenada office.)**

**All signatures must be original, you cannot have one person write down and sign for everyone. When you present the waiver form(s) to Registration, if any signature looks like it is not original, you will not receive a band for that person. A parent must sign for anyone under the age of 7.**

**If you do not submit this Controlled Access waiver form to Registration or you only submit five (5) signatures, you will have five (5) additional bands available for a total of ten (10) wristbands your team. You may obtain the additional five (5) wristbands at the entrance to the post-race finish area. However, you will not receive the special colored band to allow someone to take beverages to your Drivers or Riders.**

**RACE PARTICIPANTS (Drivers/Riders, Co-drivers/Co-riders, Navigators) your race wristbands will automatically allow you in this post-race finish area and permit you to go up on the interview ramp. Do not remove your band when you finish your section. You must be wearing your band to greet your team in the post-race area when your entry finishes.**
