Race Rescheduled

Due to the ongoing development of the Corona Virus Crisis (COVID-19) and the various measures that have been implemented by authorities on both sides of the border, including a "National Decree of Safe Distancing" announced by the Mexican Federal Government that will take effect from March 23 to April 19 rescheduling or canceling all non-essential events of 5,000 people or more in Mexico, "SCORE International" will reschedule the 34th edition of the "SCORE San Felipe 250" to May 9th race day.

In order to provide teams with as much time as possible to prepare between races "SCORE International" will reschedule the 52th "SCORE Baja 500" to June 20th race day.

We appreciate the patience, support and understanding from all of our racers and sponsors as well as the coordination with Mexican Federal, State and Municipal Authorities, but under the circumstances that have impacted day to day activities around the World, "SCORE International" considers this the best option.

IMPORTANT

San Felipe 250 is rescheduled for Saturday, May 9th

A new detailed schedule for this event will be published April 6th to allow teams and spectators sufficient time to make arrangements to attend this rescheduled event.
