General Regulations & Policies

GENERAL RULES

G 1 No entrant, pit crew member or sponsor shall have any claim for damages, expenses, lawsuits, or otherwise against promoter, track operator, SCORE, its officers, directors, managers, employees, shareholders, members, volunteers, agents, assigns, contractors, insurers, representatives, predecessors, successors, licensors, licensees arising from damage to any vehicle, personal injury to SCORE banded participant or monetary loss of any kind whatsoever.

G 2 Entrants, pit crew members, and sponsors waive any claim they may have against promoter, track operator, SCORE or its officers, directors, managers, employees, shareholders, members, volunteers, agents, assigns, contractors, insurers, representatives, predecessors, successors, licensors, licensees when they voluntarily participate in any racing activities conducted under these rules.

G 3 The Race Director or his designated representative shall have the authority to penalize, fine, disqualify, and/or suspend any entrant for the violation of these rules including but not limited to the special rulings and supplementary regulations described in **G 5, G 6** and **G 7**.

Further, any member who performs an act or participates in actions deemed by SCORE Officials as derogatory, detrimental or damaging to SCORE International, its race events or its brand/reputation may be subject to race event disqualification, and/or loss of Championship points, and/or loss of finishing position(s) in the race event, and/or suspension, and/or a permanent ban from participation in future SCORE International race events.

G 4 Special rulings may be made by SCORE to account for conditions presented by the location of the race, the condition of the course, or any circumstance requiring such a ruling.

G 5 Special rulings issued from SCORE will be considered as official amendments to this list of rules and regulations.

G 6 Special rulings or changes in specifications will not be in effect for any event until such rulings or changes are issued in the Racer Brief, Penalty Bulletin, at drivers/riders meeting, or via electronic communications.

G 7 Supplementary regulations may be issued for each event as necessary to amend, suspend, or modify existing rules and regulations.

G 8 SCORE assumes no responsibility whatsoever for delays, postponements, and/or cancellations of all or part of an event because of inclement weather, unsafe course conditions, and/or any other reason.

G 9 The Race Director will have overall responsibility for the conduct of any event conducted under these rules and regulations. The Race Director will either be the senior SCORE official present at the race or the individual assigned by SCORE to serve as Race Director. All official race personnel will be directly responsible to the Race Director.

G 10 All race participants and pit support crew members are subject to the various jurisdictional duties of all SCORE race officials, and may not subject any race official to improper language, abusive conduct, or other demeaning actions. This also includes actions placing SCORE personnel including staff, checkpoint and course workers safety in jeopardy. Failure to comply with this rule is grounds for disqualification, and/or suspension. Penalties and/or restitution will be determined by Race Director. This policy is in effect throughout the entire event schedule from beginning pre-tech through completion of award ceremony.

G 11 SCORE members are not employees of SCORE and are independent contractors who assume and take all responsibility for all charges, premiums, and taxes, if any, payable on any funds they may receive as a result of their participation in any event(s) as members of SCORE.

G 12 Checkpoint captains are direct representatives of the Race Director at their respective checkpoints. Their area of responsibility includes the racecourse 1/4 of a mile before and after their respective checkpoint locations.

G 13 SCORE control point radio communications are for the identification and safety of all entrants and participants. Every SCORE radio control point has a mandatory "safety area" around its location. Area is established by control captain or as a 100-foot radius. Only Emergency vehicles are allowed within the safety area. Interference with any SCORE controls is prohibited. All radio or other transmissions, which affect SCORE control communications, are strictly prohibited except in the case of medical emergencies.

©2020 SCORE-International

GENERAL RULES - *continued*

G 14 Checkpoint captains will designate areas leading to and surrounding the checkpoint. This area is restricted to checkpoint personnel only. No support teams, pit crews, manufacturer personnel, chase crews, crewmembers, media personnel, photographers, or spectators will be permitted in the designated area. Failure to comply with this rule will subject the entry to disqualification.

G 15 The Race Director or his designated representative have the right to change the race vehicle numbers.

G 16 SCORE reserves the right to refuse any entry application.

ENTRANTS

GE 1 Any entrant who fails to completely fill out and sign required registration forms and releases may be penalized or disqualified and may forfeit any prize money, points, and contingency awards won in the particular event.

GE 2 No entrant or crew member may enter racing areas until he/she has signed all releases, registrations and/or entry forms/waivers. No person shall sign the release waiver for anyone other than himself/herself.

GE 3 Entry applications for persons between the ages of 16 and older must have a current driver's license. Otherwise they will only be accepted to participate as a navigator. (Restrictions may apply to age specific classes.) Minors 10 - 16 years of age can only participate as a navigator unless the parent or legal guardian provides General Liability insurance. No one under the age of 16 will be accepted in the motorcycle or quad classes. **Refer to the Minor Policy located in the Policy section of this document for complete details.**

All race applications for persons under the age of 18 must be submitted no later than the deadline for on-line entries for each event. No on-site minor entries will be accepted.

GE 4 Any entrant who competes in a vehicle that he/she is ineligible to drive, and/or any entrant permitting such action, may be penalized, disqualified, or suspended for an indefinite period of time and may forfeit any prize money, points, and contingency awards for the event.

GE 5 Any entrant or pit crew member who permits a vehicle to be driven in any event by an unauthorized person, or who fails to notify race officials of any change of drivers during an event may be penalized, disqualified, or suspended for an indefinite period of time and may forefeit any prize money, points, and contingency awards for the event.

GE 6 Deliberate, abusive nerfing, or bumping shall be reason for reprimand, penalty, disqualification and/or suspension at the discretion of the Race Director. **Nerfing any vehicle displaying a rear facing blue light is not permitted at any time.** Violations must be reported to Race Director within **1 hour** after class time limit expires. Reported and verified violations may be penalized by SCORE Race Director.

GE 7 A participant or senior member of each entrant's team must attend the Driver and/or Rider Meeting. Failure to comply may result in a penalty and/or event disqualification. At SCORE's discretion random roll calls may be made to verify attendance, or sign-in required.

GE 8 If a Driver/Rider of record change is made after the event drawing or qualifying, the starting position number for that entry will be moved to the back of the respective class, or back of those teams qualifying. Alternate Driver or Rider of Record changes based on medical circumstances that may develop 24 - 48 hours prior to a race may be granted an exception by the Race Director or his designee.

GE 9 A driver shall not permit any person other than a co-driver or navigator in co-drivers normal riding position to ride on or in any part of his vehicle. Exceptions are subject to discretion of Race Director. Minor navigators are not allowed to operate vehicle at any time,

GE 10 Pre-running at all SCORE events is a discretionary pre-race activity. Course knowledge is the sole responsibility of every entrant. Pre-running is the opportunity to preview the race course while exercising caution and proceeding at a safe, reasonable and controlled speed. The dates and rules regarding pre-running at each event will be published in the Racer Brief and Penalty Bulletin. for each specific event. Reckless driving during pre-running is illegal under SCORE rules, as well as illegal under the traffic laws of the any governing body. Pre-runner persons and vehicles are subject to the same public traffic laws that govern the general public. Reported infractions are subject to penalties, suspension and/or disqualification.

©2020 SCORE-International

DISQUALIFICATION

GD 1 Drinking of intoxicating beverages in the pits or the race course or on the surrounding premises before or during pitting by any person is strictly forbidden. Also, the use of narcotics (amphetamines or other stimulants, barbiturates or other depressants) is forbidden. No drugs acting like, or containing ephedrine may be used, unless written authorization is obtained and presented to the Race Director or his designated representative(s) for approval prior to race day.

Any entrant or crew member in any event who shows any evidence whatsoever of being under the influence of any of the aforementioned shall be penalized and/or disqualified, or is subject to suspension from all future events, and must leave the SCORE event site immediately at the direction of the Race Director or any of their authorized representatives.

GD 2 Any person who makes a false statement on a contingency form shall forfeit contingencies won in the particular event. Forms will not be accepted unless all information in top portion is completed.

GD 3 Any entry application containing a falsified signature shall cause the automatic disqualification of the entrant and forfeiture of all prize money, points, and contingencies won in the particular event.

GD 4 Any entrant disqualified from any event forfeits all rights to any prize money, points, and contingencies and shall not be entitled to a refund of any portion of his entry fee.

SCORE COURSES

GL 1 Maximum duration of an event will be set by SCORE. Course mileage and race time limit will be specified in Racer Brief for each event. Minimum average speed required to complete course within time limit will also be indicated. Course map issued for each event will also have mileage and checkpoint information.

GL 2 Entrant's official time for an event shall be the total elapsed time, including applied time penalties, from their timing designated starting time, as determined by the Race Director, until the vehicle crosses the finish line. Time spent in pits, refueling and at checkpoints is included in the elapsed time unless otherwise stated.

GL 3 Winner for each class shall be the vehicle that finished with the lowest elapsed time, including applied time penalties, and meets all other criteria detailed in this section, providing total time does not exceed the maximum duration set by SCORE, unless otherwise stated.

GL 4 Entrants must report injury accidents they may have witnessed to the Race Official in charge at the next checkpoint, and by radio or sat phone to SCORE Ops or Weatherman at 151.625.

GL 5 A visible means of warning must be placed on the road at least 200 feet before any accident or breakdown. Reflectors and at least two 15-minute flares are required to be carried on each 4-wheel vehicle.

GL 6 Passing is not permitted within 300 feet before or 100 feet after any flag crossing or checkpoint, except at the direction of a Race Official. Failure to comply with this rule will subject the entry to disqualification.

GL 7 Any entrant who discontinues the race is required to report that status to a checkpoint crew or to SCORE Ops or Weatherman at frequency **151.625** specifying that the vehicle is out of the race.

GL 8 A Mandatory pilot and Unmanned Aircraft System (UAS) Operator meeting or conference call will be held before each event at a specified location, date and time. (Refer to event schedule.) Participation in the meeting and signing of waivers is mandatory or no operating privileges will be granted. The aircraft or UAS (Drone) pilot must complete a SCORE Aircraft Registration & Requirements document and provide a Certificate of Liability naming SCORE International, SRL, and Promote Mexico, LLC dba SCORE Marketing as additionally insured, Request an Aircraft Registration and Requirements form by emailing Aircraft@SCORE-International.com, or go to the SCORE website / Race Info / select race logo / select Aircraft Registration.

All support aircraft, fixed wing or rotary, must register with SCORE **two (2) weeks** prior to the start of the event. The registration must include aircraft tail number, pilot name and license number, insurance company name and policy number, and the frequency the aircraft will be using for radio support. The aircraft owner must provide a Certificate of Liability naming ???, All aircraft must monitor, respond to, and announce their location on air-to-air frequency 122.750 while in the airspace of the race course. In case of an emergency, SCORE will monitor 122.750 MHz while the SCORE Rescue Helicopter is in the air, otherwise SCORE uses 151.625 MHz as its race operations frequency.

©2020 SCORE-International

GL 8 *- continued*

All UAS (Drone) operators must register with SCORE **two (2) weeks** prior to the start of the event and must attend the mandatory meeting. The registration must include the FAA License number or Mexico Permit number. Include the make, model, serial number of the UAS, owners name, operator's name, insurance company name and policy number with proof the operator is covered by the insurance.

Transmissions from any aircraft to any race or support vehicle(s) are not allowed unless the aircraft is being used **solely** as a manual or digital repeater for ground crews. SCORE will allow the aircraft to announce as a general broadcast on the frequency the aircraft is using for race support the following message(s): "Aircraft is going off the air." or "Aircraft is landing to refuel and will be back on the air in ___ minutes." SCORE's intent on radio transmissions is to not allow aircraft supported entries an unfair advantage over non-aircraft supported entries.

No aircraft may be used to drop parts, tools, mechanics, pit support personnel, or otherwise create an unfair advantage over non-aircraft support entries. Aircraft shall not be used to transport a driver/rider of record, co-driver/co-rider, navigator to and from locations on course. This rule does not prohibit transportation of contestants to points on the course, so long as, at the time he/she is transported, he/she has not driven any portion of the course, or the contestant is being transported from the course and will not be further competing in the event. Aircraft cannot be operated in such a fashion, so as to constitute a nuisance or danger to the race vehicles, officials or spectators. **NOTE:** Aircraft can transport driver to another location only to drive a **DIFFERENT** vehicle.

All fixed wing aircraft must maintain a minimum altitude of 1200' AGL at all times within the confines of the race course. All rotary aircraft must maintain a minimum altitude of 500' AGL and 500' off the edge line of the race course when traveling with or against the direction of the race or when traveling near pit and/or spectator areas. All rotary aircraft below 1200' AGL must travel with the race course located on the left side of the aircraft, i.e. traveling with race traffic, aircraft will be on racer's right side, traveling against race traffic, aircraft will be on racer's left side. All rotary aircraft cannot land within a 1/4 mile of the race course in any area. All UAS devices must not exceed an altitude of 150' AGL at all times within the confines of the race course.

Other than SCORE Medical aircraft, only **under extreme circumstances, and with SCORE permission**, may a fixed wing or rotary aircraft transport an injured person from the vicinity of the race course. SCORE must be contacted immediately when an aircraft observes an accident with injuries.

Any violation of the aircraft support rule may be grounds for a penalty, revocation of media credentials or other privileges, disqualification, suspension or ban from future races against the pilot(s); aircraft ownership, drivers, riders of record, teams(s) or affiliates as the case may be and depending up the circumstances.

GL 9 All staging and starting times and procedures will be published in the Racer Brief specific to each race. Any changes to the previously published information will be announced at the Drivers' Meeting prior for each event. A competitor who is late for his assigned start time will start at the back of the class that is currently starting. The elapsed time of a late starter begins at their **DESIGNATED START TIME**, not their actual late start time. Late starters must follow SCORE official's directions for late start procedure to avoid penalty. If SCORE officials determine it is their procedures that caused start delays or last-minute adjustments to the start order, your time will be adjusted to when you actually receive the green flag to start. It is the responsibility of each competitor to arrive in the vehicle staging line at time designated in event Racer Brief.

GL 9A - Start line will close ten (10) minutes after the official start for the last competitor. Any entry arriving at start line or ceremonial start area after this ten-minute time period has elapsed will not be allowed to start the event. In the event of a ceremonial start the Race Director may provide an escort for a team to the actual start area if they arrive at the ceremonial start within the ten (10) minute window.

GL 10 Every vehicle at all SCORE events must pass through all Physical Checkpoints and Virtual Checkpoints (VCPs) in the correct ascending numerical order. A full and complete stop may be required at all Physical Checkpoints, while vehicles will race through all Virtual Checkpoints (VCPs). The failure of any vehicle to pass through one or more Physical Checkpoints, whether for an advantage or not, will result in penalty or disqualification of the entry. The failure of any vehicle to pass through one or more Virtual Checkpoints (VCPs), will result in a penalty as outlined in the Penalty Bulletin published for each specific race.

GL 11 Race vehicles are required to enter all Physical Checkpoints at 15 mph in a single file manner and observe designated no passing zone. The checkpoint corridor is not considered part of the race course. A complete stop at the stop sign may be required. Entering and exiting all checkpoints must be done in a safe and prudent manner in order to guarantee the safety of all checkpoint workers. Failure to operate the race vehicle safely through all Physical Checkpoint corridors is grounds for disqualification and/or suspension.

©2020 SCORE-International

GL 12 Each and all entrants may be checked for their SCORE wristband at any and all control points. Every entrant is responsible for his/her wristband. Any entrant found not to have an wristband would immediately disqualify the vehicle entry.

GL 13 No race vehicle in any class shall be towed, pushed, pulled or transported by another vehicle further than 1% of the total distance of the race course, through a Physical Checkpoint, or within 1/4 mile of the Finish Line. However, banded vehicle occupants of Four Wheel vehicles are permitted to push a disabled race vehicle across the Finish Line. Motorcycles and Quads may be pushed or pulled by the rider through a Physical Checkpoint or within 1/4 mile of the Finish Line.

GL 14 No entrant may run in two or more classes simultaneously with one vehicle even though entries are paid in more than one class.

GL 14A When two vehicles are entered by one individual, and both vehicles are in the same group draw or qualifying, if one entry is withdrawn, the remaining entry will be moved to the latter position of their entries nearer to the end of the group.

GL 15 Race course at each SCORE event is the official route as designated by the official GPS file. The race course may also be designated by physical course markings. However, SCORE does not guarantee that course markings will remain in place throughout the authorized pre-running dates and until race day. Furthermore, SCORE is not responsible for course markings that are used in a malicious manner or re-positioned or removed by spectators.

It is the responsibility of each participant to learn the race course, race in a controlled manner, and properly decelerate to avoid danger spots. All participants are required to always operate race vehicles and chase vehicles in the correct direction of the race course. **NO GOING BACKWARDS AT ANY TIME ON THE COURSE.** Failure to operate the race vehicle or chase vehicle as indicated in this rule is grounds for a time penalty, disqualification, monetary fine and/or suspension.

TIME CREDITS, PROTESTS and PENALTIES

GP 1 Protests must be filed in writing and delivered to the Race Director (Technical Director for technical items) or his/her representative within **one (1) Hour** after the last scheduled finish of the final competitor in your class. Protests considered by the Race/Technical Director to be unsportsmanlike may not be accepted.

NO protests will be accepted after this one (1) Hour time limit expires.

In non-technical protests and during the GPS data tracking review, SCORE at its sole discretion may use one or more Review Board members to assist SCORE in adjudicating a final determination of the matter. In technical protests the decision of the SCORE Tech and Race Directors will be final. Procedure for Inspection of protested items is outlined in Rule **GP 2** (below).

Protest fees will be returned to the protestor if the protest is upheld and the protested entry will be disqualified. Protest fees will be given to the protested entry if the protest is not upheld. ***All Technical protests require a $500 cash fee for each item protested.***

GP 2 Inspection of protested items will be required of any entrant who has an official protest lodged against his race vehicle.

Failure to submit to inspection will result in automatic disqualification. Those attending the inspection(s) will be as follows:

a) The protestor or his designated representative.
b) The protested competitor or his designated representative.
c) The protested competitor's mechanic or his designated representative.
d) SCORE Technical Director, SCORE Race Director or their designated representatives.
e) The SCORE technical inspector(s) who shall accomplish the required inspection of the vehicle.

No other persons shall be present, nor witness the proceedings, until the inspection has been completed. At the discretion of SCORE with the approval of the protested competitor, members of the press, or news media will be allowed to observe the inspection(s) for reporting purposes only.

GP 3 The interpretation of all SCORE rules and regulations, whether contained in this rulebook or published in Racer Brief or Penalty Bulletin as a supplement, is done so at the sole discretion of SCORE. Penalties levied against competitors are final.

©2020 SCORE-International

Highway Speed Zone Rules will be established in the Racer Brief and Penalty Bulletin published for each specific race. At Baja Mexico races, the public paved highway may be used for transitional race travel and will have designated speed limits. Furthermore, the paved highway is considered a restricted area because use of the highway is subject to permission by the Mexican Federal Highway Police.

Course Compliance Rules governing course deviation standards and penalties will also be established in the supplementary Racer Brief and Penalty Bulletin published for each specific race.

GP 4 - **REQUEST FOR "GOOD SAMARITAN" TIME CREDIT** - If you stop to assist another racer who is in need of ***immediate medical assistance***, or possibly a life or death situation, you may be eligible for a time credit for the time you are stopped. The **written request** for time credit must be delivered by you, or a member of your team, to either Race Director Jose A. Grijalva or his/her representative within **one (1) Hour** after the finish of your class. Request must include vehicle number of the competitor you assisted, race mile, time stopped and description of assistance given.

DRIVERS/CO-DRIVERS

NO VEHICLE WILL BE ALLOWED MORE THAN TWO OCCUPANTS AT ANY TIME, WITHOUT WRITTEN PERMISSION FROM THE TECHNICAL DIRECTOR OR RACE DIRECTOR.

GDC 1 Driver/rider and/or co-drive/co-rider changes are permitted in all classes as long as the driver/rider and/or co-driver/co-rider is a banded occupant for that vehicle entry.

GDC 2 Should a situation arise that an entrant, because of severe illness or injury, is unable to continue in or on his entry during competition and a driver/rider or co-driver listed on the entry is unavailable, a SCORE banded entrant from another entry may continue in or on that entry to the nearest official SCORE checkpoint where, before he/she continues on, he/she must inform the checkpoint captain of the driver change.

GDC 3 The Driver/Co-driver and Rider/Co-rider of Record and navigators must sign all releases and pick up his/her wristband. The DOR/ROR must start or finish the event to be eligible to receive start, placement and finish points with the following exceptions:

When the DOR/ROR does not start the race and is injured during the running of the event and is unable to continue safely and the injury is verified by the SCORE Race Director or his/her designee, the DOR/ROR will receive start points. If the vehicle is able to continue with another banded team member and finishes the event, the DOR will receive start, placement and finish points. Failure to obtain SCORE Race Director approval for a substitute driver will result in no points being awarded to the DOR for the event.

When the DOR/ROR does not start the race and the vehicle does not finish the event, the DOR/ROR will receive start points.

At Desert Challenge events the DOR/ROR must start or finish the race in at least one heat to receive event points.

PIT AREAS

GPT 1 Access to pits at certain events may be restricted. At these events, no person or vehicle will be permitted to enter the pit or race area without first signing a SCORE waiver form and being issued a wristband and/or a vehicle windshield sticker.

GPT 2 Entrant assumes all responsibility for the actions of all team and persons associated with his entry.

GPT 3 Any pit vehicle running on or near the race course that is endangering the entrants, race officials, or spectators, can be grounds for the disqualification of the race team for which they are servicing or pitting. No pit vehicle may follow or lead a race vehicle on the race course.

GPT 4 Vehicles in the pits or racing area shall not be used as spectator vantage points when to do so might impair the line of vision of others. Race officials in the area are empowered to enforce this regulation.

GPT 5 Any entrant, crew member or other credential pass holder who takes part in any demonstration in the pits, on the course, or surrounding area before, during or after an event shall be subject to expulsion from the premises. Also see section **G 3**.

GPT 6 Maximum speed by race vehicles in the pit areas will be established in the Racer Brief and/or Penalty Bulletin published for each specific race. The maximum speed in the pit areas by support vehicles is 25 MPH unless otherwise indicated.

GPT 7 No pitting is permitted within 300' (100m) before and 100' (30m) after a checkpoint. These distances are a minimum and may change from event to event at the discretion of the Race Director and/or Check Point Captain.

©2020 SCORE-International

GPT 8 All pits must be at least 50 feet (15m) off the edge of the race course and no more than 60 feet (18m) from center of course to be covered by SCORE insurance. No pit may be in the first 50 feet (15m) leading into and the first 100 feet (30m) leading out of any turn. No pitting on any portion of the paved highway surface. At Baja Mexico races, the paved highway is considered a restricted area because use of the highway is subject to permission by the Mexican Federal Highway Police. As a result, transitional race travel on the highway section must be done in a safe and prudent manner. No pit may be in the first one 100 feet (30m) leading into and the first 100 feet (30m) leading out of any paved highway entrance or exit.

Placement of pits is allowed on **RIGHT SIDE of paved highways ONLY**. No pits are to be located in any location that requires crossing oncoming traffic to enter or exit pit at any time. Infractions will be subject to penalties.

GPT 9 All pit services must be done while race vehicle is at a complete stop. Vehicle may not be serviced while in motion, either under its own power, while being towed, and/or being transported in or on a trailer. Pit services are to include fueling, tire changes, and/or any other services performed on the race vehicle. **No pit services may be performed on the highway.**

Seat belts and window nets must remain completely fastened any time vehicle is in motion. This includes entering and leaving all pit areas. Observed infractions will be subject to protests and penalties.

GPT 10 Failure to comply with any of the above stated pit rules is grounds for a time penalty, disqualification, and/or suspension subject at the discretion of SCORE.

GPT 11 Fueling Safety - Protective clothing must be worn by all personnel designated as "Fueling Personnel". The following requirements are established as a minimum guide for fueling personnel in all pits.

MANDATORY for Teams Utilizing Pressure or Elevated Tank Refueling Systems:

1. SCORE requires a single layer driving suit as the minimum protective clothing. One-piece driving suit must be in good condition and free from damage. SCORE recommends a two or three layer, one- piece drivers suit or a three-layer, two-piece "Dragster style" drivers suit for fuelers. All driver suits must have a SFI label. SCORE also highly recommends fire resistant underwear.
2. Protective "FULL FACE" head gear is required. A helmet that is Snell SA 2005 (or newer) is acceptable for pit use. Snell SA 2005 is no longer approved for competition, but is allowed and the minimum required for fuelers. SCORE also recommends a full fire-resistant head sock and underwear.
3. Fire resistant gloves are required. Gloves may be made of leather, and/or other fire-resistant materials. Boots that are flame resistant are to be worn, as should any other fire-resistant apparel. Caution: Synthetic materials will easily burn and melt!

Teams using conventional "Dump Cans" are urged to follow the same guidelines outlined above.

► ► ALL PITS MUST HAVE A MINIMUM of two (2) 10-Pound "ABC" Dry Chemical fire extinguishers. These extinguishers must be located within six (6) feet (2 m) during the refueling operation and manned at all times during refueling. SCORE strongly recommends a minimum of four (4) 10-Pound "ABC" Dry Chemical fire extinguishers in each fueling pit.

TECHNICAL INSPECTION

GT 1 It is the full responsibility of entrants, drivers, owners, and sponsors to meet all SCORE rules and specifications.

GT 2 Each vehicle, regardless of class must complete and satisfactorily pass the event safety inspection of the Tech Director or his designated representative(s) before being allowed to participate in each SCORE sanctioned event. A safety inspection sticker will be issued upon completion of that inspection.

GT 3 SCORE reserves the right to subject any vehicle to a mechanical inspection at the discretion of the Tech Director. It shall be the responsibility of the driver or entrant to disassemble a vehicle for inspection when requested to do so. Failure to comply will result in disqualification of driver, entrant and vehicle, and may result in suspension from future events by SCORE.

GT 4 SCORE reserves the right to limit admittance of personnel to any tech area in which inspections are being made. Tech Director and his representative(s) have the right to limit attendance to only SCORE inspectors and two mechanics assigned to perform the work necessary.

GT 5 SCORE reserves the right to seal or impound vehicles.

©2020 SCORE-International

GT 6 SCORE assumes no responsibility for impounded vehicles although reasonable efforts will be made to insure their security.

GT 7 Top five (5) finishers in Limited Classes must proceed to mandatory post-tech inspection area. No vehicle may be removed from this inspection area without receiving permission of the Technical Director or his designated representative. Failure to comply shall subject driver, entrant, and vehicle to disqualification from the event. Any vehicle not taken directly to an inspection area when requested by the Tech Director or his designated representative, shall subject driver, entrant, and vehicle to disqualification from the event.

GT 8 The Tech Director may require the owner of a vehicle damaged in a race to submit to a post-incident inspection. If the owner refuses inspection, the car may be restricted from all future SCORE races.

GT 9 Any participant refusing to comply with engine claim rules as stated in the class rules will be disqualified and barred from future SCORE events for a one (1) year period.

GT 10 The Tech Director may impound a vehicle or vehicle parts.

GT 11 All four-wheel vehicles must have their cages approved annually prior to racing in SCORE events. Frame certification shall be done by a SCORE frame specialist. Contact SCORE Technical Director at (619) 572-8245 or tech@score-international.com to schedule appointment. After passing inspection and paying Inspection Fee, vehicles will receive a SCORE I.D. tag that is to remain affixed to the vehicle at all times.

If tag is removed or lost, vehicle must be re-inspected and retagged. Any modification to an approved cage may render its approval invalid, and may need to be re-approved. All repairs to a roll cage damaged after an accident must be re-approved by SCORE. Roll cage inspection tag must be in a visible location when vehicle is presented at pre-tech inspection.

GT 12 All motos and quads competing in SCORE events must be registered and display a SCORE registration number tag on frame of vehicle. Sticker location will be specified by SCORE.

SCORE VEHICLE NUMBERS

GVN 1 All competition vehicle numbers are the property of SCORE and assigned by SCORE. If you do not have an assigned SCORE number, or your number is no longer valid due to expiration, contact SCORE for assignment of a new number.

GVN 2 Rights to your assigned number are active for 365 days from the date you last raced a SCORE event. After this time period, a new number must be requested and assigned by SCORE. Numbers for vehicles that have not raced at least once in previous 365 days automatically become available for re-assignment. Any exceptions to this policy must be approved by SCORE management.

GVN 3 Rights to an assigned number obtained during the year, but not raced during that calendar year will automatically become available for re-assignment as of December 31st of that year. If you obtain a number and do not race you must contact SCORE for a new number.

GVN 4 Specific vehicle numbers are assigned to individuals. Number assigned to vehicle does not transfer when vehicle ownership is transferred or driver of record changes. Each driver of record must have their own vehicle number assigned unless an alternate driver has been pre-approved by SCORE

GVN 5 Lowest number in each class number range is reserved for the previous year's class champion. If there was no class champion the previous year, the number remains vacant for the current year. If a reigning champion is not competing during the current calendar year, this champion may assign the number to another co-driver/rider on their team who participated in all races the previous year to win the class championship.

GVN 6 A current SCORE membership is required prior to assignment of a competition vehicle number.

NOTE: Competition vehicle number specifications and specified number locations are detailed in Competition Regulations Section CR 50.

QUALIFICATION REGULATIONS

GQ 1 At designated SCORE events qualifications will be conducted for select classes to determine in-class start positions for each of those classes. Events that include qualifications will be designated on the annual event schedule published at the beginning of the calendar year. Classes qualifying will be defined in the In-Class Start Order Policy.

GQ 2 All Drivers, Co-drivers / Navigators participating in qualification attempts must possess current SCORE memberships prior to qualifications. Memberships should be purchased in advance online.

©2020 SCORE-International

GQ 3 Entrants in classes eligible for qualifications must specify intent to qualify at the time of online race registration. Failure to specify intent to qualify during online registration period precludes them from eligibility to participate in qualifications for that event. No “walk-in” registrations may participate in qualifying. Check specific Schedule of Events for online registration deadlines.

GQ 4 Qualification order for each individual class will be determined by the time and date their race registration with qualification indicated was received by SCORE. First entry received at SCORE qualifies first, second entry qualifies second and so on.

If you plan to qualify and did not indicate this on your initial entry, you must contact Registration prior to close of online registration. Teams not contacting Registration prior to close of online registration will not be permitted to qualify. If you fail to sign-in during on-site qualifying registration period, your team will be withdrawn from qualifying and placed in the start order after teams in the draw and before restart requests.

GQ 5 Teams selecting to qualify will be indicated on the entry list with the letter “Q”. It is each team’s responsibility to report any discrepancies prior to close of online registration period.

GQ 6 Persons qualifying vehicle must register on-site, sign waivers and be banded during qualifying registration hours. No qualifying registration will be allowed after qualifying registration ends. Qualification date, time and location are listed in each Race Schedule of Events.

GQ 7 All race vehicles attempting to qualify must have current chassis inspection tags. Chassis tag number must be indicated during the online registration process. **IMPORTANT: Qualifying Driver and tagged chassis that qualify must start the race!**

GQ 8 In-class start order for each qualifying class on race day will be determined by qualifying times. Lowest elapsed time (ET) will start in position one (1) in the race. Next fastest ET will start in position two (2) and so on. Each class will start together… No inter-mix of classes.

GQ 9 Should a qualifying participant fail to complete their qualification run, and no time is recorded, their start order position will follow those completing qualification runs. If multiple qualifiers do not complete their runs, they will be placed behind those completing runs in the order their entry was received.

GQ 10 Race entrants that choose not to participate in qualifications for the event will start in their respective class after qualified entries according to established SCORE in-class start order policy

GQ 11 Any actions during qualification event that create a potential hazard or unsafe situation may result in penalties at the discretion of the SCORE Race Director.

2020 CHAMPIONSHIP REQUIREMENTS

The **2020 SCORE World Desert Championship Series** for all classes including motorcycles and quads will consist of four races:

- **SCORE San Felipe 250 - March 24-29**
- **SCORE Baja 500 Ensenada - June 3-7**
- **SCORE Baja 400 - Sept. 16-20**
- **SCORE Baja 1000 Ensenada - Nov. 16-21**

1. The Driver/Rider of Record, and all team Co-Drivers/Co-Riders, must sign all required release forms and obtain a SCORE issued wristband. Failure to do so will result in the entry being disqualified and assigned zero points for the event.
2. In the event that a Driver/Rider of Record is unable to compete in an upcoming event, another SCORE member may act as a substitute Driver/Rider of Record. This Driver/Rider substitution can only be done one time during the 2020 season and must be approved by SCORE Race Operations. The substitute Driver/Rider of record feature will not be available for the season ending points championship race (Baja 1000); Driver/Rider of record MUST race this event.
3. Driver or Rider of Record must either start of finish each event to be eligible to receive start, placement and finish points. If a DOR/ROR does not start or finish the event, the entry will be eligible only for trophies and race payout. No points will be awarded to the entry. Refer to SCORE Rule Book, General Regulations GDC 1, GDC 2, and GDC 3 for additional information.
4. A competitor who is disqualified at a SCORE event will receive zero (0) points for that event.
5. Only the official class results will be used in calculating Championship points for each event.
6. A competitor who is designated in the official results as a finisher will receive the combined total of Starting Points, Placement Points and Finish Points.
7. A competitor who is designated in the official results as a non-finisher (DNF) will be eligible to receive Starting Points only.
8. Placement Points are distributed using the SCORE Placement Points Chart.
9. Event point inquiries must be made ***within 15 days*** after points for each event are posted on official SCORE website. *Exception: 48 hours after Baja 1000*
10. To earn a 2020 SCORE Class Championship, racers must run all four events. Total points earned from these four (4) events will be used to calculate individual Class Champions for 2020.
11. In the event of a points tie for any class title, the competitor with the most first place finishes in the 2020 races will be declared the Class Champion. In the event that there is still a tie, the competitor with the most second place finishes in the 2020 races will be declared the winner, and so on. In the event that a tie cannot be resolved, the competitor with the best finishing position at the 2020 Baja 1000 will be declared the Class Champion.
12. The 2019 Class Champion earns the distinction of running the lowest number in respective class number range for 2020. If Class Champion is not participating in 2020, this number may be transferred to another driver or rider on that team who participated as Co-driver or Co-rider in all events in 2019. This driver or rider must be the designated driver or rider of record for 2020.
13. 2020 SCORE Start and Finish Points for each event

SCORE International 2020 Events	Start Points	Finish Points
San Felipe 250 – March24-29	25	35
Baja 500 - June 3-7	35	45
Baja 400 - Sept. 16-20	30	40
Baja 1000 - Nov. 16-21	40	70

SCORE International reserves the right to modify or amend this policy without prior notice.

MINOR POLICY

Driver/Rider of Record - Co-driver/Co-rider - Navigator Under the age of 18 Years

All applications are subject to approval by SCORE Race Director or his/her designated representatives

All entry applications for persons between the ages of 16 and 18 must have a current driver's license unless accepted to participate as a navigator. Minors 10 - 16 years of age can only participate as a navigator unless the parent or legal guardian provides General Liability insurance. No one under the age of 16 will be accepted in the motorcycle or quad classes. Refer to the details for each type of competition vehicle below.

All race applications for persons under the age of 18 must be submitted no later than the deadline for on-line entries for each event. No on-site minor entries will be accepted.

This policy is subject to change at any time; contact SCORE Registration at 775-852-8907 to register a minor, for the latest requirements, and information regarding General Liability insurance.

Four Wheel Classes Driver of Record or Co-driver

Entry application requests for minors between16 and 18 years of age may be accepted to drive in the Truck, Buggy, Car and UTV classes providing they have a government issued driver's license that DOES NOT restrict the license only for transportation to and from school/work or medical emergencies. No learner permits are allowed.

Any entrant between the ages of 16 and 18 must have a parent, legal guardian, or a registered team member 25 years of age or older with a valid driver's license in the vehicle at all times. No minors are allowed to drive on any paved sections of the course or roads open to local traffic.

For exceptions to this policy refer to Navigator and Exceptions to the Above Policy for Four Wheel classes listed below.

Refer to Additional Requirements on Page 2 for details that a team must comply with.

Four Wheel Classes - Navigators Under the Age of 18

Entry application requests for minors between the age of 10 and18 may be accepted to navigate in the Truck, Buggy, Car and UTV classes with the restrictions below.

- Any entrant between the age of 10 and 18 must have a parent, legal guardian, or a registered team member 25 years of age or older with a valid driver's license driving the vehicle at all times.
- Navigators are allowed to be in the second (navigator) seat of a vehicle and are **NOT** permitted to operate the vehicle at any time. If a vehicle is approved by the SCORE Race or Technical Director to have a third seat, the navigator may ride in this position with the permission of the Driver of Record. UTV classes are only allowed to have two individuals in the vehicle at any time.

Refer to Motorcycle/Quad Class requirements and Additional Requirements section on Page 2 for details that a team must comply with.

Refer to Exceptions to the Above Policy for Four Wheel Classes if you will be purchasing a General Liability insurance policy.

©2020 SCORE-International

Motorcycle/Quad Classes Rider of Record or Co-Rider

Entry application requests for minors between the ages of 16 and 18 years of age may be accepted to ride in the motorcycle and quad classes providing they have a government issued driver's license that DOES NOT restrict the license to be only for transportation to and from school/work or medical emergencies. No minors are allowed to drive on any paved sections of the course or roads open to local traffic. **NO** entries for individuals under the age of 16 will be accepted in the motorcycle or quad classes.

Refer to Additional Requirements section below for details that a team must comply with.

Additional Requirements All Minors

Safety Equipment

All safety equipment including helmets, fire suits, neck restraints, and seats must be fit to the size of the individual. Minor and all safety equipment must be presented and approved during the Technical Inspection at each event. If not approved, the minor will not be allowed to race.

Waiver Forms Any approved minor under the age of 18 must sign all SCORE required legal documents including "All Inclusive – Event and Related Activities General Waiver, Release, Consent and Indemnification Agreement" for Driver and Co-Drivers and the parent, legal guardian must also complete an "Event and Related Activities General Waiver, Release, Consent and Indemnification Agreement" Minor Addendum (persons under 18 years of age) form.

SCORE Rulebook, Racer Brief and, Penalty Bulletin Documents

The applicant must abide by all rules contained in the SCORE Rulebook, Event Racer Brief and Penalty Bulletin documents.

Exceptions to the Above Policy for Four Wheel Classes

A parent or legal guardian who would like a minor under the age of 18 to be a driver of record or a cod-driver in the Four Wheel classes and they do not have a driver's license, must obtain at their own expense, a General Liability Insurance policy or policies that provide protection for the minor and SCORE in Mexico and the United States. For example: The insurance policy must cover SCORE International, SRL, Promote Mexico, LLC, dba SCORE Marketing, and each of their officers, directors, managers, employees, shareholders, members, volunteers, agents, assigns, contractors, insurers, representatives, predecessors, successors, licensors, licensees, parents, subsidiaries and affiliates.

Minors providing their own General Liability insurance are not allowed to drive on any paved sections of the course or roads open to local traffic. The minor must comply with the Additional Requirements above.

SCORE reserves the right to review the entire insurance policy prior to accepting the coverage. The carrier must provide a Certificate of Liability naming the above companies and individuals as additionally insured prior to opening of pre-running.

Proof of Minor Skills

- A parent or legal guardian must provide proof of minor's prior racing experience in an Open Desert Racing Sanctioning Organization and submit two (2) letters of reference from long standing racers that can vouch for the applicant's skills and fitness to participate. Proof of minor skills must be submitted no later than the deadline for on-line entries for each event.
- Reference letters must be submitted by racers known to SCORE officials or upon request, provide proof of past experience in the form of race results or Entry Lists from an Open Desert Racing Sanctioning Organization.

Failure to comply with the insurance requirements will result in the minor, parent, legal guardian, team members to be suspended from SCORE at the discretion of the Race Director.

Contact SCORE Registration at 775-852-8907 for the specific information on liability amounts required and details of how the Certificate of Liability is to be properly completed to meet SCORE requirements.

Effective Date:August 23, 2018

IN-CLASS START ORDER

The 2020 Start position order for each event will be determined as follows:

- **SCORE San Felipe 250** – Trophy Trucks, Trophy Truck Legends, Class 1 and TT Spec will qualify. All other classes start positions will be determined by a draw.
- **SCORE Baja 500** – San Felipe 250 results will determine the in-class starting order for all classes. See additional details below.
- **SCORE Baja 400** – Trophy Trucks, Trophy Truck Legends, Class 1 and TT Spec will qualify. All other classes start positions will be determined by a draw.
- **SCORE Baja 1000** – The SCORE Baja 400 results will determine the in-class starting order for all classes. See additional details below.

SCORE San Felipe 250

Trophy Trucks, Trophy Truck Legends, Class 1 and TT Spec will qualify. Qualifying start positions will be determined by date and time entry is received in SCORE registration. Non-qualifiers in these classes will start behind qualified vehicles based on random draw.

Teams in non-qualifying classes that register and pay race fees and memberships in full (100%) before the San Felipe 250 online registration deadline will be entered into the draw for start positions.

Participants who do not register and pay all required fees (100%) before the close of online registration will be treated as a Late Race entry and will **NOT** be included in the draw.

Late Race Entries received after the online registration deadline date and time, or not paid in full (100%) will be placed in the order the entry was received behind the teams who met the online registration requirement.

SCORE Baja 500

The Driver of Record/Rider of Record (DOR/ROR) that finishes first in class in the San Felipe event will start first in their respective class at the Baja 500. The DOR/ROR that finishes second in class in the San Felipe race will start second in their respective class at the Baja 500 and so on. If a team uses an alternate driver or rider in the San Felipe 250 event, the official DOR/ROR will be the one that is given the start position at the Baja 500.

Draw # 1 – If a San Felipe 250 entry finished as a DNF they will be entered into this drawing to determine their Baja 500 start positions in their respective classes. This group will start behind the teams credited with a finish at the San Felipe 250 race. Teams disqualified at San Felipe will be given start positions behind teams with a DNF.

NOTE: Start positions earned at San Felipe 250 will be reserved only until the close of online registration for the Baja 500. San Felipe participants who do not register and pay fees (100%) before the close of the online registration will be treated as a Late Race Entry.

Draw # 2 - Teams not entered in the San Felipe 250 event that register and pay fees in full (100%) before the Baja 500 online registration deadline will be entered into Drawing #2 and will start behind the San Felipe participants in Draw #1.

Late Race Entries received after the online registration deadline date and time, will be placed in the order the entry was received behind the San Felipe 250 participating teams and those who met the online registration requirements to be in the draw.

continued…

SCORE Baja 400

Trophy Trucks, Trophy Truck Legends, Class 1 and TT Spec will qualify. Qualifying start positions will be determined by date and time entry is received in SCORE registration. Non-qualifiers in these classes will start behind qualified vehicles based on random draw.

Teams in non-qualifying classes that register and pay race fees and memberships in full (100%) before the Baja 400 online registration deadline will be entered into the draw for start positions.

Participants who do not register and pay all required fees (100%) before the close of online registration will be treated as a Late Race entry and will **NOT** be included in the draw.

Late Race Entries received after the online registration deadline date and time, or not paid in full (100%) will be placed in the order the entry was received behind the teams who met the online registration requirement.

SCORE Baja 1000

The Driver of Record/Rider of Record (DOR/ROR) that finishes first in class in the Baja 400 event will start first in their respective class at the Baja 1000. The DOR/ROR that finishes second in class in the Baja 400 race will start second in their respective class at the Baja 1000 and so on. If a team uses an alternate driver or rider in the Baja 400 event, the official DOR/ROR will be the one that is given the start position at the Baja 1000.

Draw # 1 – If a Baja 400 entry finished as a DNF they will be entered into this drawing to determine their Baja 1000 start position in their respective classes. This group will start behind the teams credited with a finish at the Baja 400. Teams disqualified at the Baja 400 will be given start positions behind teams with a DNF.

NOTE: Start positions earned at the Baja 400 will be reserved only until the close of online registration for the Baja 1000. Baja 400 participants who do not register and pay fees (100%) before the close of the online registration will be treated as a Late Race Entry.

Draw # 2 - Teams not entered in the Baja 400 event that register and pay fees in full (100%) before the Baja 1000 online registration deadline will be entered into Drawing #2 and will start behind the Baja 400 participants in Draw #1.

Late Race Entries received after the online registration deadline date and time, will be placed in the order the entry was received behind the Baja 400 participating teams and those who met the online registration requirements to be in the draw.

Rear Start Requests - All Races

Rear start requests will be honored based on date and time entry is received for non-qualifying teams with fees paid in full (100%). Race results from prior race will not determine order of rear starts.

TEAM VIDEOGRAPHER AND PHOTOGRAPHER MEDIA REGISTRATION

ADVANCE REGISTRATION IS REQUIRED

All team personnel, family, friends or agencies, who will be shooting video and/or still photos for non-commercial posting on the team website and team social media platforms, must submit a SCORE Media Application prior to close of online registration. Media application is available at score-international.com/score-media.

ONSITE REGISTRATION FOR TEAM MEDIA CREDENTIALS

Team personnel approved for SCORE Team Media Credentials must go to Media Center during Media Registration hours to sign Media waivers, be banded, receive a Media badge, and obtain a SCORE Media vest.

Media credentials are required in all media areas. Personnel without credentials will be required to stop activity, put equipment away and exit media access areas immediately.

IMPORTANT!

If photos or videos are going to be used for commercial purposes, you must follow detailed instructions found at http://score-international.com/score-media/

Badges, wristbands, and Media vests must be worn at all times including shooting anywhere around the course.
