Controlled Access Areas – Actions and Compliance

Driver or Rider of Record is responsible for the conduct of all persons registered for their team including all essential team personnel and air support crews. This includes adherence to all Health Measures of the Bio-Security Protocols while in controlled access areas. If any team member is found in these areas not complying with the Bio-Security protocols, the team will be penalized 15 minutes for the first occurrence and will be disqualified (DQ'd) if a second infraction of protocols is observed.

TIME PENALTIES – Following sections outline different types of infractions that will result in time penalties. Time penalties are added to your actual recorded on-course time to determine overall finish position.

A Driver or Rider finishing within the **20 Hour Time Limit**, but who exceeds this time limit when penalties are added will be assigned a DNF and will receive only start points and no placement or finishing points.

Speed Zones – Speed Limits

SPEED ZONE PENALTIES are assessed for exceeding the speed limit in any zone indicated on the GPS files and included in Course Notes. Zones, speeds and data points are listed below. If you are speeding in controlled speed zones you will receive time penalties. *Not good!!*

SCORE Stella III EVO devices collect approximately 20 data points per mile or one every 3 seconds to determine speed violations in controlled speed zones. A penalty will be assessed for each data point that exceeds designated MPH speed limit for each speed zone.

➔ **Time Penalty is 9 seconds for each mile per hour over Speed Zone Limit at each data point.**

For example: Maintaining the maximum speed of **60 mph** you will travel 1 mile in 1 minute.

- If you travel **61 mph** for one mile with 20 Data Points x 9 seconds per DP, you will receive a 180 second penalty and your average speed for that mile will be **20 mph.**
- If you travel **62 mph** for one mile, your average speed with a 360 second penalty will be **10 mph.**

There are Ten (10) Speed Zones

Virtual Checkpoints (VCP's)

The VCPs are strategically placed to discourage short coursing. The standard penalty for failure to clear a standard numbered VCP within 120 FEET is 10 MINUTES.

This Baja 500 race course has 171 Standard Numbered VCPs. There are 4 Special VCPs for this event. The Special VCPs are lettered A thru D. Special VCPs must be cleared within 40 feet.

Time penalty increases for large deviations where your position on course is improved by course cutting. You will be penalized an additional **10 minutes per mile.** In order to avoid confusion regarding the locations of the VCPs, it is essential to race using the official GPS course file and check for updates under RACE INFO on our SCORE website

CHECKPOINT CLOSING TIMES - MOTOS AND QUADS - You **MUST ARRIVE** at each checkpoint before closing time. If you are late **AT ANY CHECKPOINT**, **you will be stopped and your race is over!** Failure to stop as directed by SCORE official will result in disqualification and no points. Refer to **Racer Brief on page 8** for projected checkpoint close times. Also check Racer Info on website for any changes.

CHECKPOINT LOCATIONS

The data generated from SCORE tracking devices will verify course and checkpoint compliance providing detailed information for review of all course deviations and speed zone compliance. There are two (2) manned on-course checkpoints plus the Baja 500 finish. Checkpoint mileage is:

Check # 1	Check #2	Finish
240.07Mi 386.34 Km	**360.34 Mi 579.89 Km**	**463.72 Mi 746.26 Km**

If you do not stop when signaled to do so, you will be assessed a 15-minute penalty for each checkpoint where you fail to STOP and no time credit will be given for the stop.
