This class is a new open production class for UTVs, and all components will be considered open unless restricted herein. These vehicles are currently under development and specifications are subject to be added and revised. Class rules will be updated as more information becomes available. Contact SCORE Tech Director for most current information.

NOTE: *The CR abbreviations listed under this class (i.e. CR1 HELMETS) refer to cross reference listings in the Competition Regulations section of this book. These cross-referenced listings are part of the class rules. Where a conflict occurs between the cross-referenced listing and a rule contained under this class, the rule contained under this class has precedence.*
