Continuing New Technology for the Baja 400

The SCORE Timing Team is excited to complete the implementation of an updated timing system at the Baja 400. This newer system utilizes smaller, more compact and technically advanced *SPORT-TAG*® transponders. This new physical design makes for easier placement and will provide additional tracking capabilities in the future.

While we went live at the Baja 500 for some classes, the remaining classes will be upgraded for the Baja 400. All racers must have the newer technology for the 2023 Baja 400. We will no longer continue to use the "earlier" style black or blue transponder at <u>any</u> SCORE races.

The following classes will be required to implement use of the new *SPORT-TAG* transponder at the Baja 400: Class 7, SCORE Lites, Pro UTV Unlimited, Class 1/2 - 1600, Class 8, Heavy Metal, Heavy Metal Limited, Hammer Truck Unltd/Ltd, Class 5 Unlimited, Class 3, Class 5-1600, Baja Challenge, Stock Mid-Size, Class 7F, Class 7sx, Stock Full Size, Trophy Lite, Baja-e Trucks, Baja-e Cars, Baja-e UYVs, Class 2, Class 11, Sportsman Trucks Unltd/Ltd, Sportsman Buggy, Sportsman UTVs, Open/Stock, Pro Moto 30, Pro Moto Limited, Pro Moto 50, Pro Moto 40, Pro Moto Ironman, Pro Moto 60, Pro Quad, Pro Quad Ironman, Pro Baja-e Motos/Quads, Sportsman Moto, Sportsman Quad.

These classes, any class that did not purchase one at the Baja 500, and anyone that has not raced prior to the Baja 400 will be required to purchase the new transponder for $100 upon registering for the Baja 400 and all future races. The transponders will be provided during registration in Ensenada. If you have the new transponder purchased from another racing organization you may use it as they will work with our system.

Install the new transponder on your vehicle and please <u>remove</u> the old black or blue transponders you have been using before proceeding to the Tech/Contingency area on Friday.

The cost for this upgraded unit will remain at $100.00. It will zip tie on to your vehicle "A" pillar or front cowl area.
