PENALTY BULLETIN

BFGoodrich Tires 56th SCORE Baja 1000

Presented by K&N

November 13-18, 2023 La Paz B.C.S. to Ensenada B.C., Mexico

Controlled Access Areas – Actions and Compliance

Driver or Rider of Record is responsible for the conduct of all persons registered for their team including all essential team personnel and air support crews. All persons must have signed waivers and wear a SCORE issued wristband while in any controlled access area. If any team member is found in any areas who is not following directions from any SCORE official, the team will be penalized 15 minutes for the first occurrence, and team will be disqualified (DQ'd) if a second infraction of protocols is observed.

TIME PENALTIES – Following sections outline different types of infractions that will result in time penalties. Time penalties are added to your actual recorded on-course time to determine overall finish position.

A Driver or Rider finishing within the **50 Hour Time Limit**, but who exceeds this time limit when penalties are added will be assigned a DNF and will receive only start points and no placement or finishing points.

Speed Zones – Speed Limits

SPEED ZONE PENALTIES are assessed for exceeding the speed limit in any zone indicated on the GPS files and included in Course Notes. Speed Zones, speed limits and data points are listed below. If you are speeding in controlled speed zones you are being tracked and recorded and will receive time penalties*!*

SCORE Stella III EVO devices collect approximately **20 data points per mile or one every 3 seconds** to determine speed violations in controlled speed zones. A penalty will be assessed for each data point that exceeds designated MPH speed limit for each speed zone.

➔ **Time Penalty is 9 seconds for each mile per hour over Speed Zone Limit at each data point.**

For example: Maintaining the maximum speed of **60 mph** you will travel 1 mile in 1 minute.

- If you travel **61 mph** for one mile with 20 Data Points x 9 seconds per DP, you will receive a 180 second penalty **(3 min.)** and your average speed for that mile will be **20 mph.**
- If you travel **62 mph** for one mile, your average speed with a 360 second penalty (6 min.) will be **10 mph.**

SPECTATOR INJURY OR PROPERTY DAMAGE - Race competitors engaging in intentional and/or direct physical contact with a spectator or spectator's property may incur penalties at the discretion of the Race Director. If the Race Director determines contact was accidental, he may elect to not issue penalties.
