IMPORTANT Baja 400 Qualifying Information

SCORE Racers;

Our Race Director, Jose Grijalva (“Jose G”.) is announcing an immediate change to the SCORE Qualifying and start order policies, and also an important change for the 2025 Baja 400 only.

Class One is being added to the classes eligible to qualify, and all qualifying classes (TT, TT 2WD, TT Legends, Class One, and TT Spec) will start intermixed at one-minute intervals beginning with the **2025 Baja 400. F**uture races will also start intermixed based on qualifying time (plus any penalties) with one minute start intervals.

Teams that elect not to qualify will start behind the qualifying teams in the order of TT, TT 2WD, TT Legends, Class One, and TT Spec who do qualify. Start intervals for non-qualifiers will be 30 seconds.

2025 Baja 400 Qualifying Exception

For the 2025 Baja 400 only and no other future races, teams that did not race the 2025 Baja 500 will be allowed to Qualify at the Baja 400 making them eligible to also qualify and race the 2025 Baja 1000. However, if you do not race this 2025 Baja 400 you will not be eligible to qualify for the 2025 Baja 1000.

The SCORE Rulebook will be updated to reflect these important changes to qualifying policy.

REMINDER - Chassis tags must be current to qualify. If you need a new tag, or an expired tag renewed prior to qualifying or for Tech Inspection, contact SCORE Tech Director 011 52 (646) 127-0346. Email tech at tech@score-international.com. Chassis inspection and tagging will not be available at qualification site.
