Class 10 Engine Identification

Please complete the sections requested below before entering the Technical Inspection Area.

General Truck information.

SCORE Vehicle Number	
Engine Serial Number	
Engine Sealing Center	
Engine Sealing Date	

Engine Sealing Tags identification codes.

Valve Cover Tag	
Oil Pan Tag	

Complete this form and bring it with your truck to Tech Area on Inspection Day

This information will be used to verify that all engine sealing tags are in position prior to the race event and that they remain intact at the conclusion of the event. Be aware that modifying, tampering, or missing any of the engine tags registered in this document will lead to an **automatic DQ** of the team.

For additional information, refer to competition rule **CR23** in the Class 10 in the SCORE Rule Book:
