Class Descriptions

Trucks ● Cars ● UTVs ● Motos ● Quads

Following are brief descriptions of each SCORE competition class. In addition to General Regulations and Competition Regulations sections that apply to all classes, specific information for each class will be found under the respective class listing. Each individual class listing provides information on regulations that pertain to that particular class, and supersedes class sections in the General and Competition Regulations

No. Range	Truck Classes
1 - 99	**Trophy Truck®** Unlimited engine displacement and suspension. Custom built tube chassis, and powered by highly modified 850+ HP engines. Forced induction allowed. 2 WD or 4WD or AWD.
1T – 99T	**Trophy Truck® 2WD** Unlimited engine displacement and suspension. Custom built tube chassis, and powered by highly modified 850 HP+ engines. Forced induction allowed. Only 2WD trucks allowed..
1L - 99L	**Trophy Truck® Legends** **Unlimited Class for Drivers 50 years of age or older** Same vehicle specifications as Trophy Truck (above).
200 - 299	**Trophy Truck® Spec** Similar in design and construction to Trophy trucks utilizing high performance sealed stock or “crate” engines. Sealed Spec engines only. Must be two-wheel drive only with solid rear drivetrain. V-Drives not allowed. New engines only - Rebuilt engines not allowed.
300 - 399	**Class 3** Short wheelbase 4x4 vehicles. Must be based on production vehicle available and sold to general public.
700 - 739	**Class 7** Unlimited four-wheel vehicles. Vehicles must have a production appearing truck or SUV body. Naturally aspirated engine limited to 4.5 Liters. Forced induction engines are limited to 3.5 Liters unless noted. Engines must have a maximum of six cylinders. Engine must be of the same manufacture as that of the body. All factory forced induction engines must be sealed.
700F - 739F	**Class 7F** Two or four-wheel drive mini or mid-sized pickup. Limited to 4.5L normally aspirated engines and 3.5L Forced Induction engines. Manufacture body, engine and chassis must be retained. Production vehicle based (5000 units produced in 12 mos. period) and available and sold to general public. Must be marketed as mini or mid-size pickup.
740 - 759	**Class 7SX** Two or four-wheel drive mini or mid-sized pickup. Maximum engine size 4000 cc. Must be based on production vehicle (5000 units produced in 12 mos. period) and available and sold to general public. Must be marketed as mini or mid-size pickup.
760 - 779	**Stock Mid-Size** Two or four-wheel drive truck or SUV. This is a stock production class and all components must remain stock except for modifications allowed within class rules. 1,000 units must have been produced in a 12-month period and available for sale to the general public.
800 - 899	**Class 8** Full-size two-wheel drive truck or SUV. Engine must be same manufacture and same number of cylinders as original vehicle. No limit on displacement.
1400 - 1499	**Sportsman Truck - Unlimited/Limited Combined** Open to any 4-wheel full-bodied truck or SUV. Engines must be normally aspirated. Must have production appearing full body. Sportsman class competes for trophies only.

Class Descriptions

4400 - 4499 **Hammer Truck Unlimited/Limited**
Rock crawler type vehicle. Purpose or custom-built chassis. Must be 4-wheel drive with transfer case and capable of operating in 4WD.

8000 - 8049 **Heavy Metal**
Class is open to all full-size and mid-size pickups and SUVs. Must have stock appearing body. Must be V8 crate engine but does not have to match body. No limit on engine displacement.

8050 - 8074 **Heavy Metal Limited**
Class is open to all full-size and mid-size pickups and SUVs. Must have production appearing body with original production frame. Must be V8 crate engine and must match body. No limit on engine displacement. Ford Bronco DR meets all FIA specs as delivered from factory.

8100 - 8189 **Stock Full-Size**
Two or four-wheel drive truck or SUV. This is a stock production class and all components must remain stock except for modifications allowed within class rules. 1,000 units must have been produced in a 12-month period and available for sale to the general public.

6000 - 6099 **Trophy Lite**
Short wheelbase vehicles with production motor, two seats and short wheelbase. Trans axles limited to 103", trans axles with beam suspension to 105.5" and live axles to 111". Engine is stock production GM Ecotec 4-cylinder 2.2 and 2.4L.

Car (Buggy) Classes

100 - 199 **Class 1 – Unlimited Buggy**
Open wheel design with one or two seats. Similar construction to Trophy Trucks, but rear engine location and IRS (independent rear suspension). Engines may be either normally aspirated or forced induction. No displacement limitations. **Minimum weight 3,500 lbs (1587.5 kg)**

500 - 549 **Class 5 Unlimited**
Open wheel unlimited Baja Bug. VW Sedan Type 1 is most popular build. Any manufacturer VW concept engine allowed. Displacement is open. Wheelbase not to exceed 105". VW water cooled 4-cylinder engines are also allowed.

550 - 599 **Class 5-1600**
Open wheel Baja Bug based on production vehicle. VW Sedan Type 1 is most popular build. Must use VW series Type 1, 1600 U.S. series engine. Suspension limited to VW components. Must be stock production wheelbase. VW water cooled 4-cylinder engines are also allowed.

600 - 629 **X Lite Buggy – Discontinued - Class No Longer Available in SCORE**

900 - 925 **Class 9**
Re-introduced single or two-seat vehicle with maximum engine displacement of 1600cc. Maximum wheelbase of 100in. Vehicle parts are based on a Type 1 VW.

1000 - 1099 **Class 10**
Single or two-seat vehicle with stock sealed engine and displacement of **2.0L to 2.5L maximum**. Refer to class rules for engine specs. Direct OEM injection allowed.

1100 - 1199 **Class 11 Stock VW Sedans - "Baja Bugs"**
Stock VW Type 1 Sedans with 1600 cc VW engines. Body, suspension and drivetrain must remain stock with only minor modifications allowed.

1200 - 1299 **SCORE Lites®**
Open wheel single or two seat vehicles limited to air-cooled engines. Engine must be VW Type 1 with maximum two (2) valves per cylinder. Single seat vehicles have 1776 cc and two seat vehicles have 1835 cc maximum displacement. Minimum weight is 1500 lbs.

1600 - 1699 **Class 1/2-1600**
Single or two seat vehicles limited to 1600 cc displacement. Must use VW engines and VW Type 1 suspension components. Minimum weight 1550 lbs.

Class Descriptions

BC1 - BC49 **Baja Challenge Class**
Two-seat open wheel single design vehicle. Class features competitive group within class. Vehicles are available from Wide Open Baja on an annual or per-race rental. Class competes in SCORE sanctioned events.

1500 - 1599 **Sportsman Buggy**
Unlimited single and two-seat open wheel vehicles. No production based vehicles in this class. Gasoline engines are normally aspirated or limited to 2.0L turbocharged. Sportsman class competes for trophies only.

Combined Truck and Car Classes

2080 - 2099 **Class 2 - Unrestricted Vehicle Class**
Combined truck and car class for vehicles and engines with no restrictions. Forced induction is allowed.

Baja-e Electric Vehicles

Specifications in Respective Categories

E400 - E439 **Baja-e Electric Powered Trucks and SUVs**
Open to any 4-wheel full-bodied, electric powered truck or SUV. Must have production appearing full body. Class includes 2-wheel drive, 4-wheel drive and AWD vehicles.

E440 - E449 **Baja-e Electric Powered Buggies and Cars**
Any open wheel 100% electric powered vehicle. Class includes 2-wheel drive, 4-drive and AWD vehicles. Single and 2-seat vehicles.

E450 - E479 **Baja-e Electric Powered UTVs**
Four-wheel, one or two-seat unlimited UTV vehicles. Must be 100% powered by electricity. Non-production vehicles only. No limits on motor output.

E480 - E489 **Pro Baja-e Electric Powered Quad**
Four-wheel quads with electric motor. Must be 100% powered by electricity Single class with no limit on motor output.

E490 - E499 **Pro Baja-e Electric Powered Motos**
Two-wheel, unlimited motorcycle. Must be 100% powered by electricity. Non-production vehicles only. No limits on motor output.

UTV Classes

1900 - 1999 **Pro UTV - Normally Aspirated**
Production 4-wheel, two or four seat vehicles. No turbo or supercharger. Normally aspirated OEM engines only. Modified suspension allowed. 1000 units must have been produced in a 12-month period and available for sale to the general public.

2900 - 2999 **Pro UTV - Forced Induction**
Production 4-wheel, two seat vehicles. OEM engines with factory forced induction. Modified suspension allowed. 1000 units must have been produced in a 12-month period and available for sale to the general public.

1820 - 1899 **Pro UTV Open**
This is an open class for four-wheel, one, two or four-seat UTVs. Maximum of two participants allowed in vehicle. Vehicle must have appearance of UTVs currently in production. Maximum Engine Displacement 2000cc for N.A. and 1000cc for Forced Injection. Class eligibility must be approved by SCORE Technical Director.

2800 - 2899 **Pro Ultimate UTV**
This is an open class for four-wheel unlimited UTVs. Vehicle may have one, two or four-seats. Maximum of two participants allowed in vehicle. Class includes “one-off” builds and factory prototypes. Vehicle must have the appearance of a conventional UTV. Minimum Engine Displacement is 1500cc forced induction and 2500cc N.A. Wheelbase is open. Class eligibility must be approved by SCORE Tech Director.

Class Descriptions

3900 - 3989 **Pro Stock UTV**
Stock production UTVs. Class combines both Naturally Aspirated and Forced Induction models. Vehicles are factory stock. Minimum suspension upgrades allowed. SCORE safety requirements required.

3990 - 3999 **Pro UTV Unlimited**
This is an open class for four-wheel unlimited UTVs. **Non-production vehicles only.** Class includes "one-off" builds and factory prototypes.

1800 - 1819 **Sportsman UTV Open / Stock Class**
Unlimited aftermarket components allowed. Four-wheel, one or two-seat Unlimited UTV vehicle. Reduced entry fee - No Payout - Class competes for trophies only.

Moto Classes

1x - 99x **Pro Moto Unlimited**
Motorcycles with engines displacing 450cc or greater as delivered from the factory.

100x - 199x **Pro Moto Limited**
Motorcycles with engines displacing 200cc to 450cc as delivered from the factory. Minimum engine size is 200cc.

300x - 399x **Pro Moto 30**
All riders must be 30 years of age or older by event date. Engine displacement is open.

400x - 499x **Pro Moto 40**
All riders must be 40 years of age or older by event date. Engine displacement is open.

500x - 599x **Pro Moto 50**
All riders must be 50 years of age or older by event date. Engine displacement is open.

600x - 649x **Pro Moto 60**
All riders must be 60 years of age or older by event date. Engine displacement is open.

700x - 799x **Pro Moto Ironman**
Single moto rider competing for the entire length of event. **NO co-rider**

800x - 849x Pro Moto Adventure Class – Discontinued - Class No Longer Available

E490 - E499 **Pro Baja-e Moto**
100% Electric Powered Motos designer specifically for rigorous Baja Off-road Competition.

200x - 299x **Sportsman Moto**
Minimum engine displacement 200cc. No payback - Riders compete for trophies only.

Quad Classes

1A - 49A **Pro Quad**
Four-wheel ATV's with motorcycle type engines. Co-riders allowed. Class competes for individual class trophies and payout

75A-99A **Pro Quad Ironman**
Pro Quad vehicle operated by a single participant for the entire race. NO Co-rider allowed to register for this entry.

E480 - E489 **Pro Baja-e Quad**
Four-wheel quads with electric motor. Must be 100% powered by electricity Single class with no limit on motor output.

100A - 199A **Sportsman Quad**
Sportsman riders on four-wheel motos and quads with motorcycle type engines. Single class regardless of engine displacement. Minimum engine displacement 200cc. No payback - Riders compete for trophies only.
