Qualifying Team Information

59th BF Goodrich SCORE Baja 1000

Qualifying Registration Nov. 9 / Qualifying Day Nov. 10

➔ **Refer to Schedule of Events for Qualifying Registration Date and Times** ←

The five (5) qualifying classes are divided into two (2) groups. Each group will have one (1) controlled speed Observation lap not to exceed 37 mph (59.55 kph). One vehicle will be released every 30 seconds. Qualifying runs for each Group will begin immediately following completion of the groups Observation laps. Trophy Truck observation lap will start immediately following Group One's Qualifying Laps

Start Times:

Class	Class 1, TT Spec, TT 2WD, TT Legends (Group One) Order for Legends Revised	Trophy Truck® (Group Two)
Start Time	7:00am Arrival at the site, immediately go to the start line tent. Observation Lap in Class Qualifying Order begins at 8am. Qualifying Laps begin at approximately 9:00am. Live Streaming is starting at approximate 8:45	10:30am Arrive at the start line tent. Observation Lap Based on Qualifying Order will start immediately following the completion of Group One Qualifying laps.

All above classes in Group One will start the race inter-mixed based on Q-times. TT's in Group Two will start in qualifying elapsed time and not inter-mixed with other classes. See below for additional rules and review the SCORE Rulebook.

Qualifying teams who do not finish their qualifying lap and are considered a Qualifying DNF will start behind the last Qualifier in their respective class, not behind all classes. Vehicles not qualifying will start behind all classes who qualified.

There is no access to the qualifying course prior to 6:30am PDT. Any teams found accessing the qualification area prior to 6:30am PDT will **NOT** be permitted to qualify. Security will be on-site monitoring the qualifying course location.

If a Qualifying Driver/Co-driver/Navigator has not signed a waiver and is not banded by the close of Qualifying Registration on Monday **of race week** with all team fees paid, the team will not be allowed to qualify, and the team will not receive qualifying location information. You cannot send a team member to on-site registration to pick up bands **unless all paperwork has been signed and fees paid. No bands will be issued at qualifying site. All individuals must have signed releases and be banded for the team they are registered to qualify for.**

A registered team member must come to Registration to obtain directions to Qualifying. Do not call or send an email.

All persons attending Qualifying location must be banded. Refer to the Controlled Access Area rules posted on the website for more information. Essential team members are now referred to as guests. All persons in your group MUST be banded to be in your pit area at qualification location.

Entire Qualifying area: All persons must remain a minimum of 50 feet (15m) away from centerline of qualifying course at all times. Do not stand on outside of any corner on course. No Exceptions! Racer Director reserves the right to impose team penalties for non-compliance to this requirement.

Arrival Instructions:

- Upon arrival at the site, go to the Anube/LiveTiming Tent at start line as soon as possible to allow ANUBE to install Stella Unit and LiveTiming to install the Transponder Unit.
- The above devices are MANDATORY for qualifying and must be installed before Observation lap begins.
- This will take approximately 3-5 minutes for each unit to be installed.
- These are important in order to start on time, get accurate readings for Observation Lap, and more importantly, for Qualifying Lap.
- Once you finish Qualifying Lap, be sure to stop with Anube / LiveTiming personnel to retrieve their units.
- SCORE will provide a map that indicates this tent location along with "Qualifying Directions Map".

For complete qualifying rules refer to the SCORE Rulebook in the ***General Regulations Section, Pages 9-10***. The following are excerpts from this Qualifying section:

GQ 6 Each qualifying participant will receive one Orientation lap and must stop at Timing Trailer for transponder check at end of their lap.

Qualifying vehicle must stay on the marked course without cutting corners or creating new lines. Penalties will be applied by the Race Director or Assistant Race Director if there are reports of course cutting.

A participant will be allowed a repeat run only if their initial timed run is affected by another participant that had mechanical issues or an accident. If a participant is granted a repeat run, it will be up to the Race Director or Assistant Race Director and Timing staff to determine when they can repeat their run. **For safety reasons, do not go back out on the course for any reason without approval.**

Should a qualifying participant fail to complete their qualification run, and no time is recorded, their start order position will follow those completing qualification runs **in their class**. If multiple qualifiers do not complete their runs, they will be placed behind those completing runs in the order their entry was received.

All qualifying race vehicles must qualify with all body panels in place. In the event of an accident during the practice lap, it will be up to the Race Director's discretion to determine if that vehicle can continue without a body panel.

- Spare tires on the vehicle are optional.
- No fueling while in the qualifying staging line
- Qualifying participants must be using SCORE Relay frequency **151.625**
- Safety gear is mandatory, helmet, driving suit, head and neck restraint must be worn.
- Jumping the green light, green flag, or starters direction will result in penalty,

GQ 4 All race vehicles attempting to qualify must have current chassis inspection tag. Chassis tag number must be indicated during the online registration process. IMPORTANT: Qualifying Driver and tagged chassis that qualified must start the race!

If the qualifying driver has a documented medical emergency race day, the Race Director may allow someone else to start. If approved, the vehicle will move to the back of those who qualified in their class.

If a team replaces the qualifying engine between qualifying and the race start, they will be moved to the last starting position of the teams **who qualified in their class.**

GQ 7 The first 10 starting spots at the beginning of Tech line on Thursday are reserved for a procession of the top 10 Qualifiers regardless of vehicle class. Vehicles participating in procession must arrive by 7:00 AM and be driven by a DOR or Co-Driver. Any eligible team arriving in staging area after 7:00 AM will be required to get in line behind other teams already in line.
